DIANE THEATRE

April 11 - 12 - 13

"Star in My Kitchen" was produced in one of the major motion picture studios in Hollywood and has a large cast of well-known actors and actresses. It combines in a feature-length picture the romance and glamour of Hollywood with the everyday problems of home-making. You will laugh at and with Auntie Bella, the large, jolly, colored maid, and be thrilled by the love scenes between Mike (the movie star) and Dedee, the lovely heroine. And, most important of all, you will see in complete detail demonstrations of many recipes developed by several of America's leading home economists.
