

Latham Better Homes Committee Organized

Latham (Special.)—Mrs. Hugh Trunnell has accepted the chairmanship of the Better Homes in America committee for Latham in the 1938 campaign, which will end in the observance of National Better Homes Week, April 24 to 30.

Better Homes in America, as the name implies, is primarily interested in bringing better homes within the reach of all citizens, and to that end is conducting an educational campaign in cooperation with volunteer local committees to bring knowledge of better and more economical forms of house architecture and house furnishings to the attention of the people of America. It has the cooperation of a number of government agencies, national and local civic organizations.

The national campaign is carried on through volunteer local committees. In the campaign for 1937 the national office appointed 5,137 local and county committees, 2,921 of which demonstrated new or remodeled small homes to prove that a good home is within reach of a family with small income, while 1,951 committees arranged tours to 4,015 homes which had been improved. Approximately 2,445,000 families participated in the campaign.

The other members of the Latham committee for this year are Mrs. A. E. Walker and Miss Edna Grubb. At the Parent-Teacher Study club meeting to be held April 26 at the home of Mrs. Zysset, Mrs. Walker will give the purposes of the local committee and reports of home improvements will be given by all members to make up a general outline for the community. Miss Grubb's work deals with the Better Homes idea as applied to grade school. Latham 4-h clubs show considerable interest this year in cooking, sewing, health, marketing and gardening.

It has been the policy of the Latham committee to render an educational service wherever and whenever the need arises rather than to promote some particular plan.

THE CHURCHES

The Reorganized church of Jesus Christ of Latter Day Saints meets in the Anderson-Middleton mill office located on south Tenth street each Sunday. Church school at 10 a. m. Preaching at 11. Z. A. Coop, pastor.

First Christian Church, Edward L. Kechley, Pastor—Sunday school 9:45; Bible school, Claude A. Morwood, superintendent; forenoon service, 11, sermon subject, "Absent From Duty." Special music. Evening service, 7:30, sermon subject, "America's Pastime." Pre-service concert at 7:15 by orchestra. Special solo and choir number. Young people's meetings 6:15. General assembly—study period. Prayer meeting, Wednesday 7:30 p.m. Prayer service and study.

Free Methodist Church, Geo. G. Edwards, Pastor—Sunday school, 9:45; Mrs. Thelma Wright, superintendent; forenoon service, 11, sermon subject, "The Plan of Salvation" by Harvey Wright of Creswell; evening service, sermon subject, "Cheer of the Saints." Prayer meeting every Thursday night.

Presbyterian Church, James A. Smith, Pastor—Sunday, 11 a. m. theme, "After Easter—Then and Now." The vested choir will sing 6:30, Christian Endeavor. A delegation of county officers are expected to be present—Boosters for the state convention to meet in Oregon City April 28-May 1. 7:30, evening worship. "Studies of the Early Church," introductory to a series on the history of the church.

Nazarene Church, C. E. Thayer, pastor. — Sunday school, 9:45; forenoon service, 11; evening service, 7:30; young people's meetings, 7; prayer meeting, Wednesday, 7:30.

Christian Science Society, 242 Second street — Sunday school, 9:45; forenoon service, 11, subject, "Probation After Death;" evening service, 8 second and fourth Wednesdays. Reading room on second floor of Petersen building, 613 Main street, is open to the public on Wednesdays and Saturdays from 3 to 5 and on Saturdays from 7 to 9, except holidays.

Baptist Church, Henry W. Davis, pastor. — Sunday school, 10; forenoon service, 11, sermon by the pastor; evening service, 7:30, sermon subject, "The Race Not to the Swift;" young people's meetings, 6:30; prayer meeting Thursday evening. The Easter services were largely attended. The special program of music by the choir directed by Mrs. Schrenk was very appropriate to the Easter thought. The pastor baptized eight persons at the evening service.

Assembly of God Church, Atwood Foster, Pastor. — Sunday school, 9:45; morning service, 11; 7:45 evangelistic service; Thursday night, prayer and praise service. Short sermon by pastor.

Blue Mt. Church, Eva Alsop—Fern Partridge, co-pastors—Sunday school, 10 A.M. forenoon service, 11. All welcome. Evangelistic service. Young people's meetings Tuesday evening. Bible study and song service.

Cottage Grove Lutheran church, S. D. A. church building, West Main St. Services Sunday at 11 A.M. Sunday School at 10 A.M. The pastor will begin a series of Post-Easter sermons entitled, "Easter Echoes!" The topic of Sunday's sermon is, "Mary, the Mourner, Comforted."

"THE FIREFLY" TO BE SHOWN AT ARCADE

This writer saw this picture several weeks ago and intends to see it again. If you are impressed by magnificent scenery, if your pulse is stirred by the dramatic, and you thrill to good music, "The Firefly" which comes to the Arcade theatre Sunday, Monday and Tuesday, April 24, 25 and 26, is the combination of beautiful scenery, music and drama for which you have been waiting. The story makes no sacrifice for music. Yet, in the interesting way of life itself, the melody rings in at opportune moments. And it is a lovely melody, enhanced by a stirring beauty of background.

Jeanette MacDonald is more romantic and far more talented than she ever was before. Allen Jones, a brilliant young tenor, who has accomplished in the "Firefly" what Nelson Eddy did in "Neughty Marietta," also with Jeanette MacDonald. And Warren William, a star in his own right, gives a picturesque character to the screen in the characterization of Major Rougemont, staff aid of Napoleon, who falls in love with "The Firefly."

There are seven outstanding musical numbers, five of them retained from the original Friml operetta, two especially written by him for the picture. Miss MacDonald sings "Love is Like a Firefly," "He Who Loves and Runs Away" and "When a Maid Comes Knocking at Your Heart" with superb artistry. She dances with grace and plays her role with true ability. Jones sings "A Woman's Kiss" and "The Donkey Serenade," and they sing in duet "Grannina Mia" and "Sympathy."

The score is gay with Spanish melody throughout. Gorgeous mountain scenes, regal Spain reproduced on many magnificent sets, and a massive re-enactment of the battle of Vittoria in which Napoleon was defeated by Wellington, provide a visual feast for the eyes.

THE TRILLIUM

These early spring days the woods are dotted white with our lovely three petaled trillium or Easter lily as the children often call them. But like many of our other flowers, says Mr. H. E. D. Brown, they also will in time disappear if we continue to gather them in great quantities.

The trillium has one peculiarity. The three leaves which grow near the blossom are always picked with the flower. As the leaves are the means by which the roots take nourishment, this nourishment is cut off when the blossom is picked and so the flower usually does not come again or is very much stunted.

If children understand this, they might be more considerate and learn to enjoy their beauty in the woods where they grow and never pick more than one or two to perhaps take to some person who may not be fortunate enough to be able to see them growing.

Dorena

The Sunday school held an Easter program and egg hunt Sunday morning.

Mr. and Mrs. Lowell Benston and son spent Friday evening at the W. A. Keene home at Thorn-ton Corners.

Mr. and Mrs. Donald Brown and baby daughter of Veneta spent Thursday night and Friday at the Lee Fry home.

What is a Kilowatt?

The kilowatt-hour is a measure of electricity. It is really a giant unit. It is the energy of a horse working for 1 1/3 hours. The horse can do more than the muscle work of 10 men. So a kilowatt-hour is equal to the combined muscle work of 13 strong men in an hour. A kilowatt-hour is 1000 watt-hours just as one foot is 12 inches. A watt-hour is not so small that we should sneer at it. When a 100 pound woman walks from the cellar to the first and second floors, and then to the attic, she is tired, yet her work equals only 1 watt-hour. She would have to make the trip from the cellar to the attic 1000 times to equal the work one kilowatt-hour of electricity does. The average cost of a kilowatt-hour used in the home in the United States is nearly 4 3/4 cents, the average for this company is much less than that. Would you walk from the cellar to the attic 1000 times for less than 4 3/4 cents?

Mountain States Power Company

One "LITTLE START" can waste 1/3 mile of gas!

In your daily stops and starts, your engine eats up gasoline faster than you realize. How far your engine runs depends on how often you stop and start, how much you actually drive in low and second gears.

In "low," your engine makes about 12 revolutions for each turn of your wheels. In "second," about 8. In "high," it makes only about 4.

Shell engineers found that getting away on a single start can waste enough "undigested" gasoline to carry you 1/3 of a mile.

To cut this costly waste, they found a way to rearrange the chemical structure of gasoline, making every drop usable to your motor under all driving conditions.

YOUR GEAR RATIO

IN HIGH GEAR IS ABOUT 4 TO 1
IN SECOND GEAR IS ABOUT 8 TO 1
IN LOW GEAR IS ABOUT 12 TO 1

The more you STOP and START, the farther your engine travels in comparison to your wheels... and the greater your waste of "undigested" gasoline.

You can save on your stop-and-go driving costs by the regular use of Super-Shell. Try it — and see for yourself.
