Judge George E. Q. Johnson, famous as prosecutor of Al Capone, says: "While fighting the notorious Capone gang as United States District Attorney, I discovered the inner secrets of gangdom, that countless underprivileged youth of today. These hoodlums are pouring in droves into our prisons. Most of them are under 25 and many under 20. Our gangsters are recruits from the ranks of the underprivileged youth of the country who number 5,000,000, yet most of them could be bought for good citizenship through clubs, Scouts, community houses and churches. Big Brothers dealt with 63,000 boys last year and salvaged over 62,000 of them. Human nature uncivilized turns back to the wild. Destruction is inevitable unless we give the youngsters morals and ideals as well as food and shelter. Something to think about."

CHRISTIAN SCIENCE CHURCHES

"SACRAMENT" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 10.

The Golden Text was, "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth" (I Cor. 5:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Create in me a clean heart, O God; and renew a right spirit within me. Restore unto me the joy of thy salvation; and uphold me with thy free spirit" (Ps. 51:10,12).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual Life and its demonstration. Denial of the claims of matter is a great step towards the joys of Spirit, towards human freedom and the final triumph over the body" (pp. 241, 242).

The dental profession uses about 25,000 pounds of quicksilver annually in the United States.

BEGIN TODAY

Dream not too much of what you'll do tomorrow,
How well you'll work perhaps another year;
Tomorrow's chance you do not need to borrow—
Today is here.
Boast not too much of mountains you will master,
The while you linger in the vale below;
To dream is well, but plodding brings us faster
To where we go.
Talk not too much about some new endeavor
You mean to make a little later on;
Who idles now will idle on forever
Till life is gone.
Swear not some day to break some habit's fetter,
When this old year is dead and passed away;
If you have need of living wiser, better,
Begin today.
