The cast of the annual junior play, "Spring Fever," by Charles Hughes, has recently been announced by Miss Margaret Achterman, dramatics coach. The cast is as follows: Howard Brant, a senior at Brookfield College, Bill Spies; Ed Burns, a chemistry student, Elmer Hendricks; Vic Lewis, art student, enacted by Maurice Bodkin; Lou Herrin, a journalism student, played by Eathel Ann Newton; Mrs. Spangler, the landlady, taken by Wanda Brown; Anne Purcell, Howard's heart interest, Margaret Monson; Vivian George, Vic's heart interest, presented by Betty Hopper; Henry Purcell, Anne's father, a rich manufacturer, by Bryce Barrett; Phoebe Purcell, Anne's mother, enacted by Geraldine Kem; Maude Corey, Howard's spinster aunt from California, Merriam Ferrin; Professor Virgil Bean, of the zoology department, Jimmie Blicke; Dr. Dixon, president of Brookfield College, Lee Kruse.

"Spring Fever" is fast moving play, lively and full of laughs. The scene is laid on the Brookfield College campus.

The date of the play was formerly announced to be on November 18, but it was changed, the new date has not been definitely set as yet.

The I.D.C.L. met for the first time this semester and elected officers. Elmer Hendricks was elected president; Emma Lukens, vice president; Lura Wilson, secretary-treasurer; Harry Sturges, reporter. A program committee of Emma Lukens, Agnes McNew, Martha Arnold, June Roner and Betty Russell was chosen to plan the programs. The students of last year's Latin class will be honorary members. There are 25 members this year.

The local F.F.A. chapter elected officers last week as follows: President, Wendell Small; vice president, Ivan Patten; secretary, Lester Harris; treasurer, Ralph McDole; bulldog, Don Whitlock; freshman class representative, Bob Moody; sophomore class representative, Charles McAllister.

The Cottage Grove chapter will go to Eugene Friday night to initiate the Eugene chapter.

Several members of the local chapter will go to Ada, Oregon, Sunday to purchase some pure-bred, high producing Jerseys.

The photography club met Tuesday, October 4 in the laboratory. During the meeting questions on photography were answered. A demonstration showing the correct procedure and equipment necessary to develop pictures was given. The members are building printing boxes in their spare time. Mr. Frazier invites anyone who is interested to attend their meetings.

At a meeting of the Letter-girls last Thursday, officers for this year were elected as follows: President, Miriam Ferrin; vice president, Lois Baldwin; secretary-treasurer, Betty Hopper. The committee appointed to draw up the constitution reported and the members adopted it. It was decided that any girl who had 10 points was eligible for the club. The committee appointed to make the training rules reported, and the rules were discussed. Definite plans for a skating party were made to be held Thursday evening.

There have been about 33 girls turning out for practices twice each week. This week they will start practicing on basketball technique. The girls in the tennis club tested their serving last week, and seemed to be quite interested in improving their faults, reports Miss Dodson, instructor.

Friday afternoon the freshmen girls were formally initiated into the Girls' League. Janet Peterson, freshman representative, visited the stations of character, Betty McCoy; scholarship, Meriam Ferrin; service, Jean Savage; leadership, Patricia Baldwin.

Margaret Monson was elected treasurer to take the place of Sarajane Moore.

The following class representatives were elected by members of their classes: Mariam Richards, senior; Gladys Lemley, junior; Peggy Sharp, sophomore.

The senior girls trio sang two numbers and the meeting was adjourned.

The old gym rang with laughter and fun last Friday evening when the big and little sisters held their party. Each freshman girl performed a stunt as part of their initiation.

The prize for the best costume and actions for the Little Sisters was won by Mary Trent with Louise Peterson as second.

Agnes Moon won the high score on the table games.

Lane Farmers May Get Noxious Weed Control Project

Lane farmers are in line for state financial aid in control of noxious weeds, particularly the Canadian thistle.

A supply of 15,000 pounds of sodium chlorate is available for Lane at a cost of \$5.25 per hundred for farmers here. The usual rate is from \$10 to \$10.50.

Farmers desiring to use part of this chlorate must agree to use it in accordance with recommendations of the Oregon experimental station, substantially as follows:

1. The chlorate must be applied at the rate of not less than two pounds per square rod, and preferably at the rate of three pounds per square rod.

2. The land where the chlorate is applied must not have been cultivated since early in the spring of 1938 and preferably not at all during 1938.

3. The chlorate must be applied before December 1, 1938.

4. The chlorate must not be used on land that is swampy, constantly sub-irrigated, or subject to overflow or washing from stream flow.

NEW JOBLESS BENEFITS.

Salem, Ore.—Unemployed Oregon workers eligible for new jobless insurance benefits January 1 will be given an opportunity to acquire two waiting period weeks in advance of the new year.

Claim deputies in the twenty-two field offices have been instructed by the commission to permit unemployed eligible workers to register for 1939 benefits during the final quarter of this year.

Nearly 27,000 insured workers have been paid in full for 1938 benefits and many of those who are unemployed are expected to file new claims during October and November.

LIQUOR FUND DISTRIBUTION

Lane county and cities within its boundaries have received their share of revenues collected from alcoholic beverage taxes, Grace Schiska, county treasurer, disclosed Saturday. Amounts distributed follow:

WILL YOUR NAME be on the NEXT LIST?

'Miss Bettery Bakery' found a loaf or a part of a loaf of Better Bread in the above homes when she called. They simply showed her the loaf in its original wrapper . . . and right then and there received their award—a crisp, new dollar bill. Maybe 'Miss Bettery Bakery' will ring YOUR doorbell one of these days. So be ready.—Order a loaf of Better Bread now.

It Pays In Many Ways to Ask For BETTER BREAD

It takes this much gasoline to go a mile in low gear . . .

And this much to go a mile in second . . .

But only this much to go a mile in high . . .

In stop and go, a mile S-T-R-E-T-C-H-E-S

In low and second, your engine makes up to 3 times as many revolutions as in high—uses 3 times as much gasoline

STOP-AND-GO driving fools your speedometer—while your car is going a mile, your engine may go the equivalent of two.

The number of extra revolutions your engine makes depends on how many times you stop and start—how much of your driving is in low and second gears.

Nowadays, no matter where you drive in town or country, you can't avoid stop-and-go. But you can do something about its cost. Shell engineers found that getting away from a traffic stop can waste enough "undigested" gasoline to carry you 1/3 of a mile. To cut this costly waste, they rearranged the chemical structure of gasoline. They make every drop of Super-Shell "motor digestible" under all driving conditions. You can save on driving costs by the regular use of Super-Shell. Try it.
