This month ends our two years as business associates in the meat business. Mr. M. R. Irish and Bill McBroom wish to somehow show our appreciation to the people of Lane and adjoining counties. Our aim is to give better quality meats at a lower cost to you every day of the week. Also clean, modern markets and cheerful and intelligent service. Do you remember the giant Bologna at our opening? We all had fun guessing the weight. . . . It also proved profitable for the **LUCKY ONES**. This year our birthday cake is the longest weiner in the world. Come down and see our birthday cake. Guess and help us celebrate.
