Estimate Sheets Required On All Farms Under AAA

Approximately 18,000 Oregon farmers already have signed "farm estimate sheets," showing how they expect to arrange their farming to comply with the 1929 agricultural conservation program, said an announcement this week by N. C. Donaldson, executive officer at the state AAA office in Corvallis. This represents approximately 40 per cent of the 45,000 Oregon farmers who are taking part in the farm program. Donaldson pointed out that there are still many farmers who have not filled out and signed the estimate sheets, and he urged that they do so immediately since June 1 is the deadline for their completion. Farmers who have not indicated farm plans by June 1, through estimate sheets, will not be eligible to receive benefits under the AAA program, he declared.

County and community committeemen in each county of the state have received special training in helping fill out the estimate sheets, the executive officer said. In some counties, neighborhood meetings are being held at which the sheets are filled out. In others, farmers are asked to come to the county office, or are visited personally by their community committeemen.

"Farmers are finding the estimate sheets of much value in planning how to get the greatest benefits from the conservation program," Donaldson stated. "By filling out one of the sheets, each farmer gets a good picture of how the program applies to his own land."

The executive officer pointed out that if farmers cooperating in the AAA program complete their estimate sheet sign up now, they will aid their county offices greatly by eliminating a last minute rush before the June 1 deadline.

Silk Creek

Mr. and Mrs. S. S. Moriss and son Oliver moved from Creswell to the Anderson place Saturday. Mr. Moriss lived in this vicinity many years ago and is acquainted with the older settlers.

Ernest Darnell and Leland Hansen are hauling piling in the Oakridge vicinity this week.

Lorane

The Ugo Igo club met Friday afternoon with Mrs. Mabel Lorang. The time was spent with guessing games. It was decided to leave the croquet set with Mrs. Zora Franklin this summer. The ground will be in the Frank Davis pasture near the creek. This croquet set was bought for the use of the public. Mrs. R. R. Hughes and Mrs. Daisy Clover of Eugene were visitors. Eighteen ladies were present. Next meeting will be May 5 with Mrs. Marion King.

The last class in the standard first aid course was held at the high school Monday night. It will be followed by six classes in the advanced course with Mr. West-erhout and Mr. Burden in charge.

Mr. and Mrs. Ralph King and son Donald drove to Marshfield Saturday, returning Sunday. Mrs. King visited her mother and Mr. King fished at Lakeside.

The E. M. Dunn family spent Sunday at the Clarence Earls home at Dexter.

Word was received by Berry Mauney, grade school principal, from Senator Rufus Holman, that the WPA project for a kitchen at the school has been approved. It is planned to make a kitchen in the basement for hot lunches at school.

Mr. and Mrs. Luther Anderson of Salem spent Sunday with a brother Ted and wife and sister, Mrs. Kenneth Arthur.

The Harry Williams family have moved from near the Addison Lumber mill to Row river. Virginia Addison underwent an operation for appendicitis at a Eugene hospital recently.

Lumber Shipments Show An Increase

Lumber shipments over the Southern Pacific from this area totaled 101 cars for the week ending April 22, an increase on one car over the previous week, while piling shipments amounted to ten cars, and increase of six cars over the week before.

Shipments would have undoubtedly been heavier had it not been for the menace from dry weather, which caused a virtual halt of logging operations in one or two areas east and northeast of town.

DANGER OF FIRE PASSED

Danger of fire in and around the Rujada ranger station was believed to have passed Monday afternoon. H. E. D. Brown, forest ranger, reported. The fire in the Garoutte Brothers logging camp was still smoldering, but the flames had been definitely checked after burning over eighty acres of brush and getting into the edge of the green timber. About a quarter of an inch of rain had fallen at the time the report was made and rain was still falling. A small fire broke out Saturday night, but did no damage.

**PREPARATIONS TO OPEN
NEW CCC CAMP**

Preparations are going forward to open the new Brice Creek CCC camp with the main contingent of enrollees expected to arrive May 15th. Twenty five men are at the camp now preparing for the opening.

"Tonight I call on the people of this great Northwest to exert themselves in every practical way for the support of existing industries, for the expansion of these industries and the establishment of new wealth-producing industries here."

...says the Honorable
Charles A. Sprague
Governor of the
State of Oregon

This week and every week, ask:
"IS IT A PRODUCT OF THE COLUMBIA EMPIRE?"

New **HI-OCTANE** MUST BE IN YOUR OPINION THE

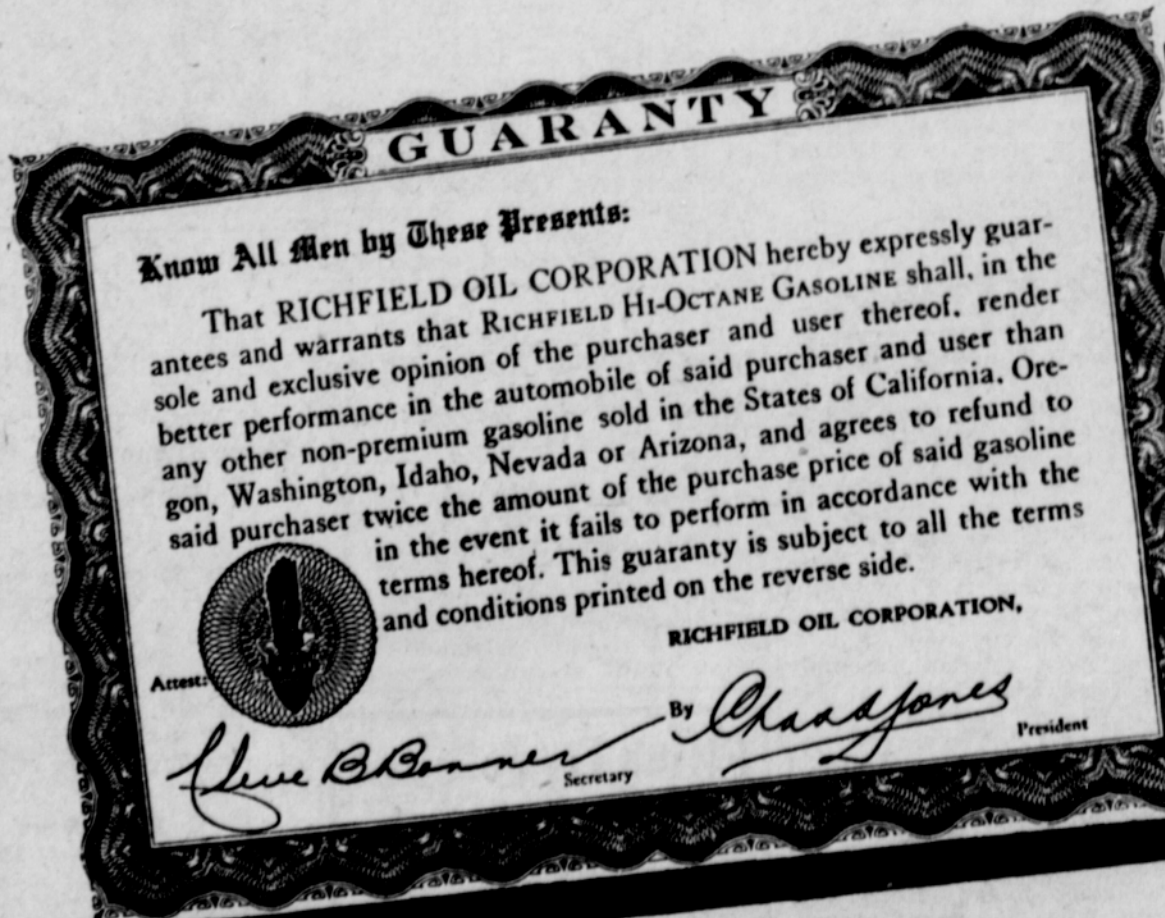

FINEST [NON-PREMIUM] GASOLINE EVER SOLD IN THE WEST

OR WE'LL GIVE YOU

DOUBLE YOUR MONEY BACK

HOW CAN RICHFIELD MAKE THIS OFFER?

- 1 We spent millions of dollars in improvements on what is now conceded to be one of the finest gasoline refineries in the West.
- 2 We developed ten new gasoline formulas, all of which proved in the laboratory to be better than any commercial brand we could buy.
- 3 We bought a full barrel each of six popular competitive gasolines.
- 4 The ten new formulas and the six competitive brands were placed in identical barrels and marked by numbers known only to our management.
- 5 These sixteen gasolines were tested identically by competent automotive engineers for over a period of 65 days, under all city and highway conditions in 92 per cent of the types of automobiles sold in America.
- 6 One gasoline stood out over all the rest, #8, which proved to be one of the ten new formulas. No other gasoline has ever performed so astonishingly under all driving conditions. The engineers tested it again, and again in all makes of cars to convince themselves that this discovery was indeed a reality.
- 7 Formula #8 is the new "All-Time Hi-Octane." We, therefore, guarantee that it will out-perform any other non-premium gasoline ever sold in the West or we'll give you double your money back.
- 8 Get your tank nearly empty and drive into any Richfield station. When this new miracle fuel hits your carburetor, we promise you performance you've never experienced from your car.
