SECRET OF THE PRAIRIE

COUNCIL of war!

A party of freighters camped under an old lightning-killed cottonwood, talking earnestly. The year was 1856; the place was Kearney county, Kansas, on the Santa Fe trail. There was \$70,000 in Spanish gold in that wagon train, being carried from Mexico to Fort Leavenworth. Would it ever reach its destination?

Indians had begun to follow the wagons in New Mexico. They hung on, making no move to attack, but drawing a little closer day by day. Now, as the freighters consulted with each other around the campfire, the Indians lurked out yonder in the darkness, waiting—waiting—

It was decided to bury the gold. Here, where the great dead tree formed a landmark on the trail, was as good a place as any, and there was no time to lose. There was no telling when the Indians might make up their minds to attack.

It was midnight. The full moon shone brightly on the camp and on the cottonwood, and cast a shadow along the ground. Here, where the shadow fell, they buried the Spanish gold.

Next day they moved on. The Indians followed as usual, drawing a little closer. Three days later they attacked, when the train had reached Pawnee Rock. Only one man survived; he reached Fort Leavenworth, told his story, and died.

There was no chance, just then, to send out after the gold. It was safe; it must wait until the opportunity presented. And so a year passed before a party set out on the Santa Fe trail to recover the hidden coin.

But during that year lightning had struck the old cottonwood again, and this time had destroyed it completely. There was nothing left to show where it stood. Only the tall buffalo grass rippled in the wind—grass which had grown closely over all the countryside.

Dorena Grange Holds Regular Meeting

Preceding the regular grange session the members of the Juvenile Grange presented a very unique program, with the aid of the lecturer, Mrs. Lee Smith. The juveniles reported two new members were obligated at their regular session, Mrs. Fannie Goude and Marcella Welter.

A report from the swimming classes, sponsored by the grange, showed 35 in attendance, there having been eleven receiving beginners certificates.

The next regular meeting of the Y.G.A. will be August 28, at the home of Joe Snyder.

There were 51 members and one visitor present at the regular grange session. Three new members were given the first and second degree obligations—Clifford Wallace, Henry Horner and Raymond Horner.

Mrs. Margaret Brown was elected and installed to fill the Lecturers chair made vacant by the resignation of Mrs. Lee Smith who, with Mr. Smith, is soon leaving for Mapleton. Lee Smith was the first Master of Dorena Grange and will soon be assuming his duties as principal of the Mapleton schools.

Committees are busy in preparation for a booth at the community fair to be held August 25 and 26 in Cottage Grove.

The next regular meeting of the Home Economics club will be August 29 at the home of Mrs. George Layng.

Mrs. Bettis of the Home Economics committee announced the serving committee for the next regular session to be Mr. and Mrs. George Layng and Betty Layng, J. W. McFarland, M. H. Morris, Hazel and Ivan Morris, Ruth and Irvin Pacholke.—Mrs. Etta A. Finnerty, grange reporter.
