

Mr. and Mrs. Cottage Grove!

How Well Are You Informed About the Peoples Utility District Proposal
That Comes Before You for Your Consideration
At the Special Election, Dec. 8th?

How certain are you of the so-called benefits of the PUDistrict plan were you to allow it to become operative in Cottage Grove?

Are you fully aware of all the hazards and pitfalls of the situation, particularly as they can affect Cottage Grove?

Have you stopped to think that perhaps we of Cottage Grove are included in this PUD program only for the purpose of being "used"?

Do you realize that the inclusion of Cottage Grove in the proposed district will result in higher and NOT lower rates for Cottage Grove users of electrical energy that is proposed to be supplied by the PUD?

Are you informed on the new PUD laws passed by the last legislature, and do you realize that "once in" there is now no possibility of referendum or any manner in which you can later withdraw from the district no matter how undesirable its operations might prove to be?

Do you realize that the Hydroelectric Commission, employed by the State to furnish the best available information on the operation of this proposed district used a 7 cent top rate? The City of Cottage Grove users are only paying 5½ cent top rate. This same Commission stated, Quote, Under the conditions assumed, there would be little immediate reduction in rates. Unquote.

Mr. and Mrs. Cottage Grove—We Urge You to Study This PUD Proposal
Thoroughly Before You Vote on Friday, Dec. 8th!

We Have Endeavored To Help You! Without Animosity or Any Personal Prejudices Against PUD Proponents We Have Attempted to Inform You With All the Facts of the Case in Order That You May Cast An Intelligent Vote on the Matter. We Know It Is Your Earnest Desire to Do This for the Best Protection of Your Interests and Property.
