

Blitzkrieg of 4-H Boys, Girls at OSC

A peaceful invasion, although a veritable blitzkrieg of boys and girls, is impending for the Oregon State college campus as some 2000 members of Oregon's 4-H clubs converge on the campus for the opening of the twenty-sixth annual 4-H club summer session June 10. The session will continue to Friday, June 21.

The "invaders" will reach the campus by special trains, busses, and private cars. The largest special will start from La Grande at 7:30 o'clock Monday morning, and will pick up delegations along the route as it proceeds west to Portland. There it will take on the Clatsop and Columbia delegations, as well as those from Portland, and, growing as it continues up the valley, the special will pull into Corvallis that evening with 1200 to 1300 aboard.

A smaller special will come from Klamath and Lake counties, while the boys and girls from southern Oregon points west of the Cascades will reach Corvallis by bus.

Last year total attendance at the session reached 1975 and, while the attempt was made this year to have approximately the same number, indications are that the total may go slightly over 2000, says H. C. Seymour, state club leader in the O. S. C. extension service. All dormitory facilities on the campus, as well as 30 fraternity and sorority houses, will be used to provide accommodations for the clubbers.

The usual daily schedule will be followed, with mornings devoted to classes, early afternoon to auditorium programs, and the remainder of the day to recreation. Approximately 100 classes have been arranged and 250 adult leaders, extension workers, and instructors will be used in running the session, which is the largest two-week club session held anywhere in the United States.

State officials and agricultural leaders will be heard daily by the visitors in the assembly programs.

THANK YOU

We wish to thank each of you who contributed in any way to the annual cemetery clean-up and surely appreciate lot owners' care in removing all trash from their lots. Oregon, California and Washington contributed to make this clean-up possible. To the very few who refused to help we want only to say, that some day they may require this service in their behalf. The business men of Cottage Grove, whose relatives rest in these grounds, were unanimous in assisting with the general funds, and we wish to thank them for their cheerful and willing cooperation. We are glad we were able to accomplish this task and that the cooperation was so very good this year.

Religion In The News

By DON J. McCUAIG
Pastor, Church of the Nazarene

Since President Roosevelt's appointment of Myron C. Taylor as a representative to the Vatican, there has been a continual round of protests from the protestant churches. Recently the largest of all protestant groups, the Methodist, entered their official protest. By a vote of 393 to 234 they urged his recall from Rome.

In an equally recent statement President Roosevelt has reaffirmed that Mr. Taylor is his personal representative and not to be confused with official ambassadors of this country. Nevertheless, the protest is growing louder.

In Germany almost one-half of the protestant ministers are either chaplains or soldiers in service. In a short time they have distributed over 70,000 copies of the book of prayers to men, who might not otherwise received them.

The world-famous evangelist, Gypsy Smith, has just celebrated his eightieth birthday.

The Australian Baptist tells of a certain layman who mailed a signed, blank check with the request that it be filled in with any amount needed on a certain worthy project. We mention it in this column because that is news.

From Haverhill, Mass., comes the following notice: The service on Sunday morning is at 10:30 a. m. The supposition that it is ten minutes later is a mistake. The seats in the front portion of the church have been carefully examined. They are quite sound and may be trusted not to give way. It is quite legitimate to join in the singing. The object of the choir is to encourage, not to discourage, the congregation. (We omit the name of the church).

SPORTSMEN URGED TO COOPERATE

Fishermen carrying chub minnows for use as bait in lakes of Oregon planted exclusively to trout are not only violating the law but, perhaps unknowingly, aiding a definite threat to trout life of these lakes, according to officials of the Oregon State Game Commission.

Chubs are of a cannibalistic type and therefore prey on other fish, destroying them in large numbers.

During recent years numerous fishermen have carried chub minnows to the trout lakes, using them for bait and in some instances dumped surplus bait into the lakes.

State Police Sergeant Ed Walker stopped a fisherman two years ago who was just in the act of dumping a bucketful of chub minnows in Diamond Lake.

Under provisions of the game code, it is unlawful to fish with minnows in any waters other than those from which the minnows come. All sportsmen are urged to cooperate with the game commission in preventing the use of chub minnows in exclusive trout lakes of the state and thus aid in the preservation of game fishing in these lakes.

THEY COME BACK

ORIGIN OF SALUTE

The 21 gun salute—the national salute—is founded on the Declaration of Independence. The numerals 1776 added together total 21. That is why the salute is 21 guns instead of 15 or 20 or any other number.

The Christian church announces an all day gathering to be held in the church on June 16, with a picnic dinner between morning and afternoon services.

Given in celebration of sixty years since the building was completed, this will be in the nature of a reunion and homecoming. Therefore, all oldtimers and others, finding welcome to a church shelter here, in the past, are invited to be present. Bring picnic lunches and help make this a joyful occasion.
