by The Sentinel.Heilig Honies to Meet
Dorena Girls Tuesday

The four girls softball teams of Cottage Grove, Hebron, Dorena and Culp Creek will stage a big night of softball Tuesday evening at Kelly field. All of the teams will see action and the feature contest to see the "Heilig Honies" of Eugene clash with the Dorena Durable Fir team.

There will be a parade that will start at the old high school building and all teams will be in the parade. The first game will start immediately following the parade which is to start at 6:40 p. m.

The game between the Heilig Honies and the Durable Fir teams will bring two undefeated teams together in what promises to be an exciting game. The manager of the Eugene team says, "You can rest assured we will put up plenty of color and action on the field."

The Dorena team has waded through all opposition around this vicinity and will be out to dump the Eugene team. Lita Mosby, who just missed a no-hit game last week, will probably be on the mound for the Durable Fir team.

In the first game of the evening two of the three teams, Cottage Grove, Hebron and Culp Creek, will play for three innings and the winner will play the third team for three innings.

Pitcher Misses No-hit Game
Lita Mosby of the Dorena team just missed the hall of fame when she pitched one-hit ball to lead the Dorena team to an easy 34 to 1 win over the Hebron girls Thursday night. The lone hit was made in the last inning and coupled with an error enabled the Hebron team to score their one run.

In the second game of the doubleheader the Cottage Grove team battled from behind to outscore the Culp Creek team by a 25 to 17 margin. The games were played before a large crowd.

The Smart Shop team pounded out a 21-20 win over the Hebron team at Hebron Tuesday evening. There were six home runs with Virginia Bushong and Gladys Minor of the Smart Shop connecting for two.

THINGS TO WATCH FOR

Now, built-in radios on bicycles... Razor-blade "sandwich man" carrying bulletin board on which he chalks inning-by-inning baseball scores caught by his portable radio (well, they have 'em in Brooklyn).

Soda Water Consumption
According to estimates, the average American drinks 42 bottles of soda water a year.

Here and There

The national republican convention is crowding the war for space on the front pages of most newspapers in the country. It is good to see something besides the struggle across the Atlantic on the first pages of the papers. It makes one realize that there are other things in this world besides the war.

Mrs. Merle Stewart seems to be in the news one way or another. First it was the reported mistake in the enumeration of the people in Cottage Grove. Now it is a fight in the county democratic ranks over the election of Mrs. Stuart to the position of state committeewoman.

The idea of a Monroe doctrine seems to be spreading all over the world. Hitler said in an interview a few days ago that he would like to have a Monroe Doctrine in Europe. Now Japan has started a movement for a Monroe Doctrine for the Far East.

A new way to elude the blood hounds on the trail of convicts is to spread pepper on the trail. This was recently used by an escaped convict in New Mexico.

If old man Jupiter will stay away Lane county racing fans will get to see the midget auto races which are to be held in Eugene on July 4. The races, under the sponsorship of the Veterans of Foreign Wars, will be held on the track at the fairgrounds.

Evidently President Roosevelt isn't much worried about the coming election because on a recent trip through Philadelphia he was reported to have slept the entire time his train was in the G. O. P. convention city.

The local battery received many complimentary write ups of their recent shooting at Camp Clatsop according to the returning members of Battery E. The army officers who witnessed the shooting were amazed at the accuracy shown by the local battery.

Hebron

A community picnic was held Sunday in Miss Piper's grove, and a good time was reported by all those present.

The Jolly Workers met all day June 19th with Mrs. Clyde Clark. They tackled a club quilt and donated \$5.00 to the Red Cross through the Cottage Grove chapter.

The Frank LaBlue family left last week on their annual trip to Eureka, California, to spend the Fourth with their mother, Mrs. Lucy LaBlue.

Lawrence Clark of Portland was at home for the week end. Miss Georgia Clark is home from Eugene for a visit.

Mr. and Mrs. Ivan Abeene and children Norman and Gary attended the annual reunion of the Powell descendants held in Linn county Sunday.

Mrs. L. D. Huff and daughters, Mrs. Helen Pirtle and Mrs. Hazel Hubbard and children attended the picnic here Sunday.

Miss Mildred Dugan of the Grove spent the week end with her sister, Mrs. Frances Patton. J. Eggleston of Los Angeles left Saturday to visit friends in Washington, after visiting the John Seagoe family.

Jewish Refugees

Aish manufacturers in Australia have formed a committee to stop "sweating" or exploitation of wish refugees here.

U. S. Leads in Railroads

The U. S. leads the world in railroad trackage, with 38,500 miles. Soviet Russia holds second place.

Mr. and Mrs. O. M. Bagley spent the week end with Mr. and Mrs. Harold Swartz in Eugene.

Mr. and Mrs. M. V. Craig and son Lovell spent Sunday in Albany at the home of her parents, Mr. and Mrs. J. D. Miller.
