Newly Harvested Cover Crop Seed Moving to South

Fresh from harvest in the Willamette valley, a carload of Austrian winter field pea seed was on its way this week to Somerville, Tennessee, representing the first cover crop seed purchased in Oregon this year by the federal government in its cover crop expansion program.

The carload of field peas was shipped from Washington county where it was grown by Ritchey brothers of Forest Grove. It contained 600 bags of tested and fumigated seed, sacked in cotton bags. The peas tested 98 per cent purity and 90 per cent germination, thus qualifying for top price of 3 cents a pound.

Under the AAA plan, the federal government is offering 3 cents a pound for first quality winter field peas and 7½ cents a pound for top quality hairy vetch seed. This guaranteed price has given Oregon growers the incentive to expand acreage of the crops to an estimated 70,000 acres of field peas, and 50,000 acres of hairy vetch. They are under no obligation to sell to the government, and may sell on regular markets if prices offered are higher than those quoted by the AAA.

Seed purchased by the AAA will be distributed in the deep south under the grant of aid plan. This means that farmers who have earned agricultural conservation payments can receive cover crop seed and have the cost deducted from their payments. Cover crops are being encouraged in the south to prevent erosion on cotton lands.

The state AAA office in Corvallis stated that recent hot weather has injured field peas some, but it is expected that yields will total some 40 million pounds. Harvesting of field peas is now well along in western Oregon, whereas harvesting of vetch is now getting under way.

ATTENDS DISTRICT WILLAMETTE COUNCIL

Mr. and Mrs. S. C. Hunter, Chet Vandenburg and John Dunlevy attended the district Willamette council meeting in session at Junction City, Sunday. Mr. and Mrs. Hunter were in Junction City for the all day session while the others attended the afternoon session.

London

Mrs. Mark Morgan and daughter Betty and Mrs. Morgan's sister, Mrs. Hilda Morgan, who is visiting her, spent some time in Portland last week.

Mrs. Carl King and daughters Virginia and Joan of Cottage Grove and Jean King of Portland spent Friday at the Robert Phillips home.

Mrs. E. N. Brasher and sons Buck and Wesley spent several days at the home of a daughter, Mrs. Pete Kibby, at Triangle lake.

The Dalton Mattoon family have moved from the neighborhood to his work on Row river.

Willis Garman has returned home from the Eugene hospital, after several weeks illness.

The Harold Abeene family visited Sunday afternoon at the B. G. Cutlack home near Yoncalla.

Mrs. Herbert Shortridge entertained a number of little girls Saturday afternoon in honor of the birthday anniversary of her daughter, Margaret Ann.

A son was born July 18th to Mr. and Mrs. Harley Brown in Cottage Grove. Mrs. Brown was formerly Audrey Cox. The baby has been named Francis Dean.

Mr. and Mrs. Archie Hooper, newlyweds, have moved into one of Carl Small's houses.

Mr. and Mrs. Claris Abeene and children spent Sunday afternoon at the Herman Gertze home at Anlauf.

Mrs. Harold Gravos and Opal Beymer of Eugene were dinner guests Sunday at the L. R. Goodwin home. Mrs. Gravos took her two small daughters home, who had spent last week at the Goodwin home.

Mr. and Mrs. Lufe Sandberg and children of Portland who spent last week at the home of Mr. Sandberg's mother, Mrs. Vern Shortridge, went home Sunday. Mrs. Shortridge and her son's family spent nearly two weeks at Rockaway beach.

A two weeks gospel meeting will begin at the Church of Christ here August 29th. James O. Wilburn of Odessa, Texas, will be the main speaker.

Mrs. Joe Brookhart and granddaughter Suzanne visited last week at the Ike Wertz home at French Gulch, California.

Mr. and Mrs. E. B. Crane of Delake, former owners of Black Butte mine, were guests Sunday at the Robert Phillips home.

The Black Butte and Woodard's camp baseball fans held a meeting Monday evening to try to get up a ball team.

FUR FABRICS MADE OF MOHAIR YARN SHOWN AT FAIR.

Coats of mohair fur fabrics are the center of attraction in the new exhibit of The Shelton Looms in the Ford building at the New York World's Fair. Selected from the fall collections of prominent manufacturers, these coats are worn by models during the day so that visitors may see the beauty and style of fur fabrics made of mohair yarn.

In creating these mohair fur fabrics, the original furs were carefully studied for texture and coloring. So close is the results that even fur experts find it almost impossible to distinguish between the real fur and the mohair simulation. When made into coats, these mohair fur fabrics are much lighter in weight, yet are as warm as furs. The backs are flexible and porous, permitting ventilation, and giving more body comfort than furs.

No-Smoking Tradition

Students at Michigan State college can throw in the nearby Red river any faculty member whom they find violating the no-smoking-on-the-campus tradition. Dr. Robert S. Shaw, president, told students that the smoking ban is one of the traditions that have grown with the school and that for 34 years he has observed the rule.

\$1000 WINNER

Ted T. Kirsch, Maupin, 1939 graduate of Oregon State College and long active in 4-H club work, who has won the men's \$1000 U. S. D. A. extension service scholarship in Washington, D. C., for 1940-41.

Aquaqueen

Esther Williams is the shapely queen of Billy Rose's Aquacade troupe on Treasure Island. She's starred with Johnny Weissmuller and Gertrude Ederle in the water carnival at the Golden Gate International Exposition.

Mount View

The Neighborhood club held their annual picnic Sunday in Layng's grove. Out-of-the-neighborhood attendants were Mr. and Mrs. Fred Guggisberg and family of Crawfordville, and Mr. and Mrs. Voight of Harrisburg.

Miss Lillian Carlson of San Francisco and Walter Cameron of Marshfield were guests Saturday of Mr. and Mrs. L. K. Brumfield.

Mrs. Boone Humphrey visited in Eugene, Thursday, with Mrs. Mary Hill. She accompanied Marie Sorenson of Cottage Grove to Eugene.

Emery Williams of Klamath Falls visited Sunday at the home of his father, Harry Williams. Other family guests the same day were Mr. and Mrs. Ellis Williams of Cottage Grove and Mr. and Mrs. Tunis VanProoyen and daughter of Latham.

Mrs. R. M. Seaver and daughter visited several days of last week with relatives in Eugene and Springfield.

Mrs. Henry Russum and two sons have gone to the bean yard near Eugene to camp while picking beans.

Mr. and Mrs. Norris King of Oregon City were guests three days of last week of Mr. King's parents, Mr. and Mrs. C. A. King, and left Sunday for a visit at Crater Lake, accompanied by Mrs. Norris King's parents and other relatives, who stopped for them.

Mrs. Jack Petersen is attending the S.D.A. convention in Portland.

A family reunion was held Sunday at the Robert Shields home. Those attending were Mrs. Lucy Shields and son James, Mr. and Mrs. Leo Wilson and Mrs. Alta Hart, all of Cottage Grove; Mr. and Mrs. Grover Divine and children of Cornelius and Mr. and Mrs. Victor Willis of Sweet Home.

ROAD REPLACEMENT AT FERN RIDGE

The federal government will pay for a portion of the Veneta Fisher highway inundated by the Fern Ridge reservoir according to word received by county officials from Major C. R. Moore. The government proposes to advance \$58,041.05 as its part of the costs while the remainder of the cost will come from the state's secondary road fund. This amount is set at \$47,312.

2000 Cow Elk, 1500 Antelope Tags to Be Issued Soon

Sportsmen wishing cow elk or antelope tags should make application at once at the office of the Oregon State Game Commission, in Portland.

A total of 2000 cow elk tags will be issued and 1500 antelope tags. Should less than the quota be applied for by August 1, the tags will be issued in the order in which applicants are received. Otherwise, a drawing will be held.

No formal application blanks are being issued. Those desiring the tags should send in their names and addresses and the kind and number of the hunting license they hold, together with a check or money order for \$5.00 for each tag.

The elk season this year will be from November 1 to 16, inclusive; the deer season from September 20 to October 25; the bull elk season in Clatsop county alone, from August 24 to September 2, inclusive; and the antelope season from September 29 to October 6, inclusive.

Conservation Is to Be Emphasized in 1941 A. A. A. Plan

Next year's AAA farm program will continue to emphasize soil conservation and soil improvement, will strengthen the "ever-normal granary" plan of balanced production, and will give Oregon farmers increased opportunity to fit the program in with their individual farm requirements.

This summary of 1941 AAA plans was brought back to Oregon by William Steen of Milton, chairman of the state agricultural conservation committee, following his attendance recently at the national AAA conference in Washington, D. C. Plans for the following year must always be made in advance of fall seeding time.

N. C. Donaldson, in charge of the state AAA office at Corvallis, accompanied Steen to Washington. While at the conference, they offered a group of suggested changes in the 1941 program, as made previously by the 36 county AAA committees throughout the state. Some of these were accepted and will be incorporated into the official farm program for next year, Steen said.

The state chairman declared that the AAA program, as set up for 1941, will continue to be a vital factor in "agricultural preparedness" as an aid to national defense.

An important recommendation concerns expansion of the grant of aid plan under which farmers receive advances of lime, superphosphate and similar conservation materials, with costs deducted from payments which they have earned. Another recommendation is that farmers be permitted to earn portions of their payments only by carrying out specified soil-building practices most needed in their communities.

In general, next year's farm program will follow very closely that now in effect, Steen said, and pointed out that there have been few major changes in the agricultural adjustment act since 1938.

Insects' Lacquer Work

There would be no beautiful Chinese lacquer work, or shellac for that matter, if it weren't for the industry of myriads of tiny insects using the twigs of trees for their factory sites. According to Natural History magazine, it takes a colony of countless of these lac insects to produce even a small stick, which explains the derivation of the word lac from the Sanskrit laksa, meaning "hundred thousand."

SPECIAL SPEAKER

The Rev. John Ebert, who labored in this community as a local pastor some years past, will be speaking on Sunday evening at the Assembly of God. Mr. Ebert has been ministering for the past few years in and around Forest Grove. He is now leaving Oregon, moving back east where an effectual field of gospel ministry has opened to him.

Artificial Language

Ro is an artificial language, intended to be international. It was devised by Rev. Edward P. Foster of Marietta, Ohio, about 1906. This language rejects all existing words and roots and is based on the analysis and classification of ideas.

Us: "Sorry I was late, Mister Rogers, I'll be here bright and early tomorrow morning."
Boss: "Don't promise the impossible—just be here early."

MOTOR OIL THAT WORKS IN WATCHES

SCIENCE NOTE—A motor oil so completely refined that it lubricates delicate watches now amazes engineers by its toughness.

In a 1940 automobile engine run at high-speed the equal of a round-the-world trip, Golden Shell Motor Oil performed as follows:

"Engine wear scarcely measurable — no thinning of oil—gasoline mileage at record high — oil consumption averaged 1 pint per 1000 miles — carbon, sludge only 1/10th normal expectancy."

Try this tough and fast-flowing Golden Shell Motor Oil in your precision-built automobile! See your Shell Dealer today.

HEY FOLKS!

I've got one of those watches Shell has lubricated with 25¢ a quart Golden Shell Motor Oil. Come in and see it! — Your Shell Dealer
