UNITY NEEDED

The plea for unity issued by leaders of both parties following the election is not out of place. According to a current story, said to be authentic, Hitler has not only been watching the American election, but had made definite plans to influence it. Hitler, it was said, planned to give guidance to a maximum of six million votes. The main weapon Germany planned to use in the United States was class hatred and class struggle "and every effort should be made to pit the various component nationalities against each other," the German order read.

We may be headed for war, as some believe, but if we are disunity isn't going to help our cause any. As an individual, we can not prevent war, but as a unified people we can influence those in power to steer clear of another great conflict, or if we do get into war we don't want to be in the same predicament France was. Unprepared and divided.

THE PROFIT SYSTEM

Paul Garrett, vice president, General Motors Corporation: "The profit system means, financially, taking in more than you pay out. Unless a business can do that it soon fails. In a broader sense, the profit system means opportunity to grow. That has been the American dream. From day laborer to foreman to boss to owner of the business is the established route of progress—familiar here as it is almost unknown anywhere else—open to any man regardless of rank who helps along the process of serving the American customer better."

DELIVER THE GOODS

If a member of your family died, would you print the resolutions on a billboard?

If you were going to enlarge your business, would you advertise it in a hotel register?

If you were going to have a wedding in your family, would you get out a handbill?

You would send such items to the newspaper, wouldn't you?

Then why don't you put your advertisements in a newspaper?

The newspaper builds your town. Why not help the newspaper? There is no better advertisement in the world for a town than a good newspaper. Show us a good newspaper full of advertising, and we will show you a good town, full of live merchants.

Newspapers are town builders, town advertisers, fortune makers, news disseminators, sermon deliverers, prosperity forecasters. They are a necessity, not a luxury. They must be maintained. Without them we would retrograde to the medieval days.

Don't patronize them from a charitable standpoint. Patronize them because they deliver the goods—that is, if they are the right kind.

Cut out the foolishness and work for the upbuilding of your town and start by upbuilding your newspaper.—Augusta (Kan.) Gazette.

Lumber Facts

SEATTLE, Washington, November 12, 1940—The weekly average of West Coast lumber production in October (5 weeks) was 144,340,000 board feet, or 73.3 per cent of the weekly average for 1926-1929, the industry's years of highest production. Orders averaged 157,605,000 b.f.; shipments, 150,702,000. Weekly averages for September were: production 143,278,000 b.f. (72.8 per cent of the 1926-1929 average); orders, 163,724,000; shipments, 157,879,000.

First 44 weeks of 1940, cumulative production, 6,014,990,000 b.f. same period, 1939—5,427,072,000; 1938—4,363,466,000.

Orders for 44 weeks of 1940 break down as follows: rail, 3,067,034,000 b.f.; domestic cargo, 2,212,923,000; exports 341,972,000; local 836,612,000.

The industry's unfilled order file stood at 681,099,000 b.f. at the end of October; gross stocks at 860,000,000.

With this month's "Monthly Lumber Facts" the Association announces a new rating of West Coast mill capacity, to be classified as "present installed capacity." This is based on a survey made in July of this year and checked through following weeks. The average weekly West Coast lumber production in October was 90.6 per cent of present installed capacity.

JERK RECORDER FINDS "SMOOTH" CAR DRIVERS

"Two unique better driving devices, the AAA driving jerk recorder and the AAA brake reaction detonator are being widely used in high school driver training courses to develop the new generation into sportsmanlike automobile drivers," Dr. E. B. McDaniel, president of the Oregon State Motor Association, said last week.

"Opening of schools last month throughout the country saw thousands of students enrolled in driver education and training courses, many using dual-control driving training cars for actual behind-the-wheel training," he said. "This is one of the steps that national leaders believe will go far in making the nation's highways safer for all within the next few years. One prominent official of the U. S. Public Roads Administration has declared that there is no better way to raise the driving standards of the motorized population than to embark on a systematic course of training in our public schools."

SO—SHOP EARLY!

There was a young lady "Miss Slow" Who just had no get-up-and-go; To all signs she said, "Pooh! As I please, so I do." Her sad fate, you will presently know, Christmas Eve she awoke with a start; To the stores she flew like a dart. She ignored a red light— What a horrible sight! Now she shops in a heavenly mart. Oh heed well this tale of much woe; Don't start when the red light says, "NO." If you Christmas shop early, Sales folks won't be surly, And you'll live to a hundred or so. —Nat'l Conservation Bureau

LION ROARS

As Echoed From Cottage Grove Union High School

(Jean Yearous, Editor.)

Cubs Make It Two Straight
The cubs made it two straight over the Roseburg Papposes last Saturday at Roseburg by winning 25 to 6 in the final B squad encounter scheduled for the season.

The Papposes took first blood early in the first quarter after a cub fumble on the opening kick off, but failed to convert on a pass. In the second quarter A. Smith ran the ball to the Pappose 4-yard line, after he had caught a pass from Hamilton on the Pappose 40.

On the next play the cubs fumbled, ruining their chances to tie up the game. A few minutes later with the ball in the cubs' hands, Hamilton passed to Thies who made an outstanding catch on Pappose's 20, and went over standing up. Robert's kick failed. In the closing minutes of the half, Jackson caught a Pappose punt on his own 30-yard line, and by some beautiful broken-field running and nice blocking on the part of the team, went over the goal line standing up. Robert's kick was good, making the score at the end of the half 13 to 6.

The next half was all the cubs' game. The Papposes punts were blocked by Roberts, and two touchdowns were scored by Thies on a reverse and on a pass from Hammond to Hamilton.

Chamberlin Addresses Assembly
"I wonder if we haven't come to take our Americanism for granted," queried Bill Chamberlin, the American Legion representative for Oregon, at the patriotic assembly held in the auditorium last Thursday. Mr. Chamberlin went on to comment that we are living in an age where criticism is dynamite, because of the bitter situations across the sea. Speaking directly to an attentive audience he challenged every student that the door of opportunity exists in the American schools.

He ended his speech with these impressive words, "Keep your faith in God, the constitution and the flag and you won't go wrong."

The national anthem was sung by Patricia Baldwin, accompanied by the high school orchestra.

The assembly was closed by the flag salute and the singing of "God Bless America," by the student body, led by Miss Jelinek.

Encyclopedia Added

The Encyclopedia Americana, 1940 edition, consisting of 30 volumes, was added to the library last week. The school is fortunate, commented Miss Mehlen, librarian, in that it has added the newest, and one of the major encyclopedias to this reference section of the library.

"Audubons America" by Donald Culrass Peattie was added to the library this week. This volume has seventeen superb reproductions of Audubon's drawing. It contains the best of Audubon's stories of his experiences in the wilderness.

A Junior Guild Book, for the month, "Jerry at the Academy," a novel by Elmer Ferris, was also added.

School Election

The school election last Tuesday proved to go as the nation had gone, as far as the election of a president was concerned. Mr. Roosevelt won with a majority of two to one. Mr. Haldeman won for mayor.

The sixth period history class was in charge of the election which was held all periods so that everyone would have a chance to vote.

The history classes divided into two parties, and Monday and Tuesday the speakers for the parties gave political speeches in history classes.

Girl League Speaker.

Mrs. Turnipseed, speaker from the University at the Girls' League assembly Friday, told the audience that what foreigners noticed about the American girl was her independence, and ability. She went on to tell about the traits of the American girl, and what important personalities from other countries had said about her talents.

Boys' Federation

In the Boys' Federation meeting on Friday, November 8, Mr. Stovall led the group singing and N. J. Nelson, local postmaster, spoke on civil service. Judging from the questions asked, many boys are interested in civil service employment. He gave many examples of people who got ahead in Civil Service. On account of the short time and the many questions asked, he couldn't finish his speech. In introducing him Mr. Grannis told that he was a democrat, which called forth many cheers.

Sub Deb Club

The Sub Deb club held its first meeting for this winter last Thursday evening, November 7, at the home of Velma Wilson. Officers were elected as follows: President, Arline Anderson; secretary-treasurer, Velma Wilson. Sub Deb pins were presented to each member and Dorothy Safley was initiated into the club. Janet Peterson and Arletta Roberts are to be initiated into the club at the next meeting. Refreshments were served early in the evening. Members of the Sub Deb are: Arline Anderson,

Shirley Hendricks, Faye Nixon, Peggy Sharpe, Marjory Earl, Ruth Davenport.

Briefs

The Boys' Federation council discussed plans for their remaining six meetings Tuesday. The schedule will include moving pictures and speakers from the men's physical education department at the University of Oregon, besides a boxing contest and a speech on fish. The federation plans to do the advertising for football, basketball, baseball and track.

The sophomore F.F.A. boys will receive their Future Farmers Degrees at a formal initiation at Eugene Thursday, November 14. The Cottage Grove and Eugene F.F.A. chapters will go together to hold this initiation. To receive this degree a boy must have been initiated as a greenhand at least a year ago and he must have at least \$25 invested in a project.

The captains of the noon letter girls, which were chosen last Thursday are: Lottie Glasgow, freshman; Virginia Brown, sophomore; Zella Mae Gable, junior and Lois Hansen, senior. The interclass volleyball playoffs will start next week. These playoffs will be held at noon. All girls wishing to take part in these noon games must be at the Thursday noon or after school letter girls meetings. The noon letter girls are those girls who are not able to go to after school letter girls meetings.

The cast of "Growing Pains," junior play to be presented December 6, are working hard to make this presentation an even better entertainment than any previous high school play. Practices are being held every day either right after school or after dinner.

The annual F.F.A. Home Ec party will be held Saturday evening, November 16, in the gym, instead of Friday, November 15, as previously stated. There will be dancing and games for everyone. Refreshments will be served later in the evening. All F.F.A. and Home Ec club members are invited.

The first noon dance was held Monday in the cafeteria. Music was provided by the phonograph brought over from the old building. The dance was in charge of Pat Baldwin.

Members of the French classes have got the names and addresses of several people in England. Some of the French class girls are going to write to the English girls. Janet Rynearson has already received an interesting letter from England.

Lynx Hollow

The Community club will meet on November 13th at the home of Mrs. Lyle Taylor, to make plans for the awarding of the club quilt.
