Softball Highlights

Except for the championship games, the 1941 softball season is largely a matter of history with the regular season ended with the last game last night. The season has been a fair one for the association, judging from late reports and fans have had opportunity to see an improved brand of ball.

Surprises have developed during the season to add interest; the surprise team of the latter half of the play is Knickerbocker's, the team that's been consistently improving. The Jack ass game Tuesday night did the expected thing and drew a record crowd, estimated at around 1,300 people, many of whom failed to find seats. Performing on the donkeys was a team picked from the four city teams, pitted against a team selected from the four outside teams. The outside team apparently knew their animals, at least enough to administer a 6-3 licking to the city boys who did not ride so well.

Results of other games: August 8: Drain 9, Culp Creek 4; Creswell 4, All Stars 2; August 11: Knickerbocker's 18, Creswell 0; August 12: Woodard Lumber Co. 8, Row River Lumber Co. 0.

In Wednesday night's games Drain swamped the Eagles 20 to 11 and Quality Market won from Lorane 5-1.

Playoff Starts Friday. Playoff for league championship starts tomorrow night, Friday, with Drain winner of the first half, against Quality Market, winner of the second half. In the second game Friday, Lorane will meet Knickerbocker's. Monday night the second game of the playoff is scheduled, but no further arrangements have been made to play the third and deciding game. The league champions will enter the district tournament at Eugene the latter part of next week.

Grove Golfers Win From Oakway Sun.

The Grove golfers took the measure of the Oakway club of Eugene 23½ to 18½ when the two clubs met here Sunday for a second meeting of the two teams. The Groves were thus avenged for an earlier season defeat. The locals were paced by Zimmerly and Morelock. Zimmerly shot a 73 for one under par.

It's a friendly Business

"For the past few days one of your men has been perched high on a telephone pole outside the window of my home... Seated at my desk (I write my newspaper column at home) I would from time to time glance out... Sometimes a smile of mutual understanding passed between us. "Since his position was above the roof of my house, he could see that my radio aerial was down. "Imagine my surprise when on his own time on his noon hour this man... brought the company's ladder, climbed up to my roof and repaired the broken antenna. "Because of his kindness my wife and I are this night able to listen to our favorite programs."

We suspect that it gave this telephone man much pleasure to render that courtesy. His job is linking voices together. It's a friendly business—attracts friendly people.
