McCRADY'S CAFE

Where a Good Meal Means a Good Deal at Moderate Prices.

Located 878 Willamette Street, Eugene, Oregon. Telephone 534.

McCrady's Cafe sees that the people of this part of the country are not only given the choicest of foods, but the latest dishes of the day and that the best of service is always given regardless of the size of the order. It has provided the very latest equipment in the kitchen and everything in the very best of condition and appetizing when served to the guest. They are careful buyers, and only the best of cooks, while the attendants are courteous and accommodating and render the public a service that is unexcelled.

A quiet air of refinement prevades the place and this accounts for the large patronage from all classes of people. This makes this

concern very popular and has brought travelers and people from surrounding countryside to recognize this as one of their truly favorite eating places.

The fact that everyone leaves with a smile is an indication of satisfaction obtained from pure food and good accommodating service.

It is appointed most excellently, the ventilating and lighting arrangements are the best that can be secured and all sanitary precautions are taken for the health of the people. Here amidst comfortable surroundings, you enjoy your food and while the service is rapid for those desiring it, yet there is no indication of hurry and you are given all the time desired.

P. J. HANNS COMPANY

Wholesale Distributors of Mill Supplies to Lane County.

Located 192 Blair Street, in Eugene, Oregon. Telephone 1313.

This is one of the institutions of Eugene which is doing its part in furthering progress and expansion in Lane County, and is well deserving of more than passing comment in this review of the progress and expansion aiding in the era of prosperity we are experiencing and bring fame and advertising to this section through the general excellence of their products.

The general purpose of this edition is to give both the local and outside world an adequate idea of our progress and the general excellence of our various products. We deem it quite appropriate to devote this space to this well-known firm. The men who originated this enterprise obtained a

very liberal education in the school of experience and supplemented this with a keen insight into the markets and with this desirable foundation they equipped themselves to render a service unexcelled.

The able management of this concern has constantly adhered to a "square deal to all" policy of giving the maximum quantity and quality of products consistent with safe and sound business principles.

Through their straightforward dealings with the public the management has made many friends for the company and they have always taken an active interest in their fellowmen realizing that a concern that is not progressive will wither and die because of its environment. This is without question one of the most valued industrial enterprises in this section.

SIGNAL OIL COMPANY

FRANK C. JONES, Agent.

Wholesale Distributors of Quality Petroleum Products to Lane County.

Located on Sixth Avenue West, in Eugene, Oregon. Telephone 3806.

This company supplies a large territory and has come to be known in this and adjoining counties as one of the foremost oil companies. By reason of their satisfactory service they are rapidly expanding and will merit increasing patronage.

Mr. Jones is a man of broad experience in lubrication and knows the oil business from A to Z. You can rely on what he tells you about the oils and greases best suited for your particular needs, whether for auto, truck, tractor, machine shop or factory. Take your lubrication troubles to the Signal Oil Company and they will be solved correctly.

The equipment of the firm's plant represents an enormous expenditure and was made with the sole idea of giving the public a service unexcelled.

Members of the local agency are among the business men of high standing in the community and are prominent in the commercial life of the city. They have the interest of this section of the country at heart. In this business review, embracing as it does the most outstanding features of the community's progress, it is due them that we direct attention to this establishment as one of the important features of the efficiency of the community, and one that renders a service par excellence in a most essential business.

THE POCKETBOOK OF KNOWLEDGE

MANY U.S. COMPANIES, IN ANSWER TO THE NATION'S NEED FOR DEFENSE EQUIPMENT, BEGAN MAKING NEW KINDS OF PRODUCTS ALTHOUGH THEY WERE USED ONLY TO PEACETIME MANUFACTURE— FOR EXAMPLE:

PRESIDENT SETS NOVEMBER 20 THANKSGIVING DAY.

President Roosevelt Saturday formally proclaimed November 20 as this year's Thanksgiving Day, setting for the last time the third Thursday of the month instead of the fourth for the traditional "turkey day" feast.

At the same time, the chief executive revealed he would spend that day at Warm Springs, Georgia, as usual, unless the press of foreign affairs keeps him in Washington. Governor Eugene Talmadge of Georgia has set November 27 as the day on which his state will celebrate Thanksgiving.

Corona adding machines for sale at the Sentinel office.

Saginaw

A reception for the school teachers, Mrs. Culver and Mrs. Bangs, was held at the school house Thursday evening. A potluck supper was served at 6:30.

Mr. and Mrs. Clifton Hopper of Aberdeen, Washington, visited at the Lowell Benston and Howard Keene homes Monday.

Mr. and Mrs. Clarence Woods and son of Sutherland spent Saturday at the R. W. Hill home. Mrs. Woods is a sister of Mrs. Pollock.

Mr. and Mrs. Logan Bear of Creswell were callers at the Levi Russell home Monday.

A birthday party was held at the Ray Williams home one evening last week in honor of Billy William's birthday.

Armasteel Pistons Now in 1942 Olds

The adoption of Armasteel pistons in all series of Oldsmobiles for 1942, both sixes and eights, was announced in Lansing by D. E. Ralston, general sales manager for the Oldsmobile division of General Motors. Adoption of these new type pistons signals the release by Oldsmobile of huge quantities of aluminum to national defense uses. It also dramatically illustrates how the development of an "alternate" material can result in improved quality and long life.

"Armasteel pistons have played an important part in the sensational records achieved by General Motors diesel-driven locomotives," said Ralston. "Designing and building a piston for these engines that offered extremely low wearing qualities, at the same time maintaining far greater tensile strength, was an achievement of the General Motors Research staff. Records show that as many as a million miles of continuous service was traveled by the General Motors diesel engines without need for Armasteel piston maintenance."

"Backed by General Motors Research and hundreds of thousands of miles at the proving grounds, Oldsmobile engineers adopted this new type piston for the 1942 cars. Because of the toughness and durability of Armasteel, it is possible to materially reduce the weight of the new Oldsmobile piston, thereby combining some of the most desirable characteristics of aluminum with the lasting qualities of steel.

"Because of its valuable contribution to improved quality, Oldsmobile is proud to list the Armasteel piston with its long list of automotive firsts, including Hydra-Matic Drive, the only drive to eliminate the conventional clutch mechanism, clutch pedal and all gear shifting."

REVOLT SEETHES IN SOUTH FRANCE.

VICHY, Unoccupied France.—Revolt plans of serious proportions were said by police Saturday to have been uncovered at Nice yesterday in the arrest of 30

persons charged with membership in a De Gaulle railwaymen's organization.

The organization, known both as "Free France" and "Friends of De Gaulle" was said to have branches throughout unoccupied France, particularly at Marseilles. Besides the 30 arrested Friday five had been arrested previously at Nice.

Radio Ray Has This to Say:

Howdy Folks: A farmer in Drain is said to have a duck that got smaller and smaller. He grew down.

They tell also that the farmer had a helper so clumsy he always got in the whey.

We could even go farther and say that he is reported to have fed his cows bird seed so he could sell "cheep" milk.

If you are tired of "cheep" appliances see us. We will guarantee the finest quality for your money.

Don't forget our expert repair department.

Nelson Electric Shop

"Cottage Grove's All Electric Shop."

HYDRA-MATIC ELIMINATES CLUTCH PEDAL, CONVENTIONAL CLUTCH MECHANISM AND ALL GEAR SHIFTING... SAVES 10 TO 15% ON GAS!

WHEN you consider the new "drives," consider these facts. Hydra-Matic is the only "drive" that is built and backed by General Motors. Hydra-Matic is now in its third great year and has proved its advantages through hundreds of millions of miles in the hands of 130,000 Oldsmobile owners. Hydra-Matic is still the only "drive" that offers completely automatic shifting through four forward speeds. Although Oldsmobile will produce the new B-44 in limited quantities, in order to release vital materials for defense, all models will be available with Hydra-Matic Drive. Come, take a look at the B-44. It's styled and engineered for the future and quality-built to last!

DEFENSE COMES FIRST WITH OLDSMOBILE!
The major part of Oldsmobile's huge resources are marshaled for defense. Artillery shell and airplane cannon are now in mass production. With its remaining facilities, Oldsmobile will continue to build a limited number of quality motor cars.
