More Pictures Like This, the Better

Americans won't complain if they see pictures like this one frequently—for it shows warplanes loaded on deck of vessel in War Shipping Administration's Victory Fleet, part of cargo bound for some United Nations' battlefield. Our ships carry more and more planes on their decks these days—their holds are loaded with other war goods.

and the one with the youngest child. Come and enjoy this feature of the Sunday school.

"The church where you are a stranger but once." "Scriptural Holiness, Our Theme and God's Message to His Church."

Sunday morning the Assembly of God church will present a gift to the oldest mother present in the morning service after which time the Rev. Park will preach on the subject, "Mary, the Mother of Jesus." The Sunday evening will be of interest to all for it shall be "family" night and the largest family represented at the evening service will be presented with a lovely gift that will be suitable to the occasion.

The Sunday school will present a Mothers' Day program during the Sunday school hour.
The Assembly of God church extends a hearty welcome to all in Christ's name.

CHURCH OF CHRIST

Gordon L. Hynes, Minister.
Bible school, 9:45 a. m. Roy S. Hands, Supt. Morning worship, 11:00 a. m. with Mr. Hynes bringing a Mother's Day message.
Christian Endeavor, 7:00 p. m. Evening service, 8:00 p. m.
Sunday is our Mobilization Day, signalling our entrance into the United Christian Education Advance. This movement is gaining widespread attention throughout the entire country as all churches are beginning to combine in an effort to promote christian education.

NYA, CCC CUT.

WASHINGTON — President Roosevelt today applied pruning knives to the National Youth Administration and Civilian Conservation Corps, as a special Senate committee mapped a drastic government re-organization program to save money.

The chief executive's action was disclosed in a special message to Congress, recommending that the NYA and CCC be allowed \$102,150,000 to finance their activities through the fiscal year 1943—a sharp cut from the hundreds of millions heretofore allotted these agencies.

The president recommended that NYA and CCC activities be stripped to direct war work.

For a tempting dessert try our Oriental Delight Ice Cream, Gustafson's, of course. 39-11c-41

A Week of the War

Price Administrator Henderson issued a general price regulation placing rigid government controls over retail and wholesale prices for the duration of the war.

Beginning May 11, manufacturer and wholesale prices may not exceed highest March 1942 levels for each individual seller. Beginning May 18, retail prices may not exceed highest levels charged by each seller during March. Beginning July 1, no one may charge more for services sold at retail in connection with a commodity than he charged during March. All retailers, manufacturers, wholesalers and sellers of services must preserve for pricing purposes existing sales records made during March. Every retail store as of May 18 must display publicly the ceiling prices for "cost-of-living" commodities.

President Roosevelt said the cost of living has advanced about 15 per cent since the autumn of 1939, and "We must act now to keep it from soaring another 80 or 90 percent during the next year or two—to hold it to somewhere near the present level."

The OPA announced appointment of 60 specialists to OPA offices throughout the country to serve as technical aides in handling problems arising from the sugar rationing program. Motor vehicles in essential services may not have new tires if recapped ones will serve their purposes, the agency said. New and used typewriters are not under quota restrictions but are available to eligibles who can establish their need for them, OPA reported.

Army and Selective Service.
The army announced establishment of "Port Agencies" in principal U. S. seaports to coordinate and speed shipment of war supplies to all United Nations. Mail to American prisoners of war in the Far East whose names have appeared on official lists of the Provost Marshal General may be sent postage free, the Red Cross said.

College students enrolling in advanced ROTC courses will be required to enlist in the Army Enlisted Reserve Corps if they have reached the age of 18, the War Department said. The Department reported 327 negroes are now enrolled in officer candidate schools. Selective Service Director Her-

they said men who registered last February 16 will be included in June calls of every local board.

Navy.
The Marine Corps announced its maximum enlistment age is now 33 instead of 30, and height requirements range from 63 to 75 inches, instead of 64 to 74. The first submarine completed in the Great Lakes was launched at a Wisconsin port. The Navy Department reported Navy, Marine Corps and Coast Guard casualties from December 7 to April 15 totaled 6,393, including 2,991 dead.

Production and Conversion.
War Production Chairman Nelson said although the U. S. is "over the hump" in war production and United Nations output exceeds that of the Axis by a considerable margin, the real production war has just begun because of the head start of the Axis. More than 1,000,000 men and women are working in war plants where joint labor-management production drive committees have been set up, he said. The War and Navy Departments announced jointly the establishment of a Price Adjustment board in each department to review financial setups of war contractors whenever there is reason to believe excess profits are being made.

War Labor Supply.
President Roosevelt said plans to register women for war work have been abandoned for the present because there are more women workers now who want jobs than there are jobs available. He said

any woman wanting to get into war work may register at a U. S. Employment Service office. War Manpower Chairman McNutt said the number of persons employed in war work by the end of 1942 may reach 17,500,000 compared with 1,500,000 at the beginning of 1941. He said a million or more additional women will be employed in war industries this year. Mr. McNutt issued directives to the 1,500 Employment Service offices in regard to the placement of women over 40.

War Bonds and Stamps.
The President told his press conference he hoped people would buy War Bonds and Stamps out of current earnings rather than from cash reserves. Treasury Secretary Mogenstau said investments of employees in firms operating under the payroll savings plan must be raised at once to a minimum of 10 per cent of the gross payroll. He said the number of employees purchasing bonds regularly must be doubled, and average purchases raised from \$7.50 to \$20 a month.

Expropriated Candies.
Sweden has expropriated all candies.

REDDY SAYS--

"Fix up those older appliances to serve for the duration!"

Look over the electric appliances you have on the pantry shelves or in the closets . . . you'll likely find a lamp, toaster, percolator, waffle iron or some other useful appliance that can be made good as new with only minor repairs. Maybe a new cord, a tightened connection or some small adjustment is all that's needed.

Your Electrical Dealer

Is ready to repair and service your appliances . . . just a little "fixin'" will go a long way toward bringing back the usefulness and service of those Electrical Servants you may have on the shelf.

MOUNTAIN STATES POWER COMPANY

"A Self-Supporting, Tax-Paying, Private Enterprise"

Oregon is Forging Ahead with Gov. Sprague

1. ALL TAXES ON PROPERTY for state purposes have been wiped out.
2. Now Gov. Sprague is determined on 20% cut in state income taxes.
3. State bonded debt slashed \$12,300,000.
4. State Guard is now expanded into a true home defense system.
5. Gov. Sprague originated the plan for the Civil Reserves; 110,000 have enrolled.

CROP INSURANCE TO RUN THREE YEARS IN NEW PLAN

Three-year crop insurance and a more simple premium rate plan designed to give the grower additional advantages will be new features of 1943 federal all-risk wheat crop insurance in Oregon, the state AAA office has announced.

Oregon growers who insure their 1943 wheat crop will automatically have insurance on their 1944 and 1945 crops also, Clyde Kiddle, crop insurance assistant at the state AAA office, explained. At any time during the life of the three-year contract, however, if the yield on the farm is changed to the advantage of the grower, he may cancel his insurance and enter into a new contract.

This plan will put crop insurance on a basis similar to other types of insurance in determining premium rates, Kiddle pointed out. A grower who knows his average yield will be able to determine his own premium rate. Incidental differences in rates will be eliminated, and all farms with the same average yields will be placed on an equitable basis. With contracts written for 6098 farms, nearly half of the state's 1942 wheat crop is covered by insurance this year.

No Caesarean
Some doctors will not permit a patient to have Caesarean unless her physical structure demands it.

Water Tunnels
There are water tunnels as deep as 750 feet below New York city.
