## Jellied Supper Veal Loaf for a warm night

By Dorothy Greig

WARM night. Lagging appetites. What, oh what, to serve that will be inviting and yet nourishing?

Let's start with tomato soup. It is hot, gay, lively in flavor. (To condensed tomato soup add equal quantity of either water or milk as you prefer.) Also, the soup provides the one hot dish every summertime meal should have.

Next, a jellied meat loaf—and this particular one is of veal shot through with deep chicken flavor and garnished with sliced eggs and stuffed olives. Looks handsome and tastes even more handsome.

For dessert, how about fruit shortcake and iced tea?

The meat loaf is put together this way:

1 can condensed chicken soup  
2 cups cooked veal, ground  
2 teaspoons gelatin (softened in 2 tablespoons water)

1/2 teaspoon salt  
1/4 teaspoon pepper

Strain the chicken soup and heat the broth. Mix the rice, chicken and celery from the soup with the cooked veal and put all through the food chopper, using the medium blade.

Dissolve the softened gelatin in the hot broth and then mix with ground meat mixture, salt and pepper.

For garnish:

1 hard cooked egg, sliced  
5 stuffed olives

Arrange slices of hard cooked egg and stuffed olives in bottom of loaf pan (size 7 x 3 1/2 x 3 inches). Put meat mixture on garnish and place in the refrigerator until firm. Turn out on lettuce or greens. Serves 6-8.

## Timely Recipes

Here is a recipe for a baked custard that combines the protective foods milk and eggs and uses maple syrup in place of sugar.

### Maple Custard

4 eggs  
1/2 cup maple syrup  
1/2 tsp salt  
1 quart milk, scalded  
1 tsp vanilla  
Dash nutmeg

Beat eggs slightly, add salt, and maple syrup and mix well. Add scalded milk gradually, stirring constantly. Flavor with vanilla and sprinkle with nutmeg if desired. Butter six to eight custard cups and pour in custard mixture. Place in shallow pan of warm water and bake in slow oven 325 degrees for forty minutes or until a clean knife inserted in the center comes out clean. The maple syrup may be put into the bottom of custard cup before pouring in custard. When baked, it forms a sauce for custard. Serves 6.

### Fish Kept in Drinking Water

Less than a century ago in Japan small fish were kept in the family water jar to prevent the water from growing stale.

### Many Birds Risk Winter

Many birds spend the winter in Canada, despite the 16-hour night in sub-zero weather in the North Woods.

### On Capitol's Lawn

Two mortars which helped defend Fort Mifflin at Morehead City, N. C., during the Civil war are now on the state capital lawn in Raleigh.

## CHRISTIAN SCIENCE CHURCHES

"TRUTH" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 26.

The Golden Text was, "The word of God is quick, and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart" (Heb. 4:12).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Lead me in thy truth, and teach me: for thou art the God of my salvation; on thee do I wait all the day. All the paths of the Lord are mercy and truth unto such as keep his covenant and his testimonies" (Ps. 25:10).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spirit, Life, Truth and Love, combine as one, - and are the Scriptural names for God. . . . No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is Life, but the divine; no good is, but the good God bestows" (p. 275).

### THE ASSEMBLY OF GOD CHURCH

724 Main Street  
Rev. Hilton T. Park, Minister

Extends a hearty welcome to you, to worship with us. Might we ask ourselves a question?

Have I ever tried helping, someone? There is a certain JOY that comes with lending a helping hand. We learn from Christ that it is more blessed to give than to receive, for He came not to be ministered unto, but to MINISTER.

My thought is amply expressed by Edwin Markham in, "Two at a Fireside"

I built a chimney for a comrade old  
I did the service not for hope or hire—  
And then I traveled on in winter's cold,  
Yet all the day I glowed before the fire.
