Lattish was picked up for Seattle police on charge of assault with a dangerous weapon.

Spring Garden Room
Cheerful and dainty as a spring garden is a bedroom combining green, white and gold. Walls and ceilings are painted pale primrose yellow; an oval rug of beige cotton with green fringe covers the floor; cross-draped, ruffled curtains of filmy white make a unit of the three joined windows. Interesting in the decorative scheme is the bedspread of white quilted cotton to which is attached a deep flounce of lime green, patterned with pink rosebuds. The head of the bed—as well as a slipper chair—is also slip-covered with the same material, while the dressing table has a skirt of white voile embroidered with yellow.

Nerve Food
It is popularly known as "nerve food." It is essential for the prevention of the inflammation of the nerves and damage even to the brain, also for normal heart action.

What You Buy With WAR BONDS

The giant four-motored Navy Patrol Bombers are the world's most powerful planes. They cost approximately \$700,000 each. The Navy also has a lighter Bomber called the Scout Bomber which costs about \$143,000 apiece.

The battle for Britain was almost lost because England had none of these giant four-motored planes with which to fight back. We need thousands of them and they are coming off the assembly lines in our production plants at a high rate of speed today. You can help buy these for your Navy by purchasing War Bonds and Stamps every pay day. Put at least ten percent in Bonds or Stamps and help your county go over its quota.
