University Publication Wins Honors

UNIVERSITY OF OREGON, Eugene, Jan. 4. (Special).—National recognition for the state was gained this week when the Oregonian student yearbook at the University of Oregon, was rated the best in its field in the country. With the arrival of its sixth "All American" plaque, given to the outstanding publications in the country, the Oregonian boasted one more than the Daily Emerald. Only other institution to achieve such a high consistent ranking is the University of Minnesota. Stacking up the Oregonian's plaque is J. Wesley Sullivan, editor, while Raymond J. Schriek and Betty Biggs Schriek of The Emerald, look on.

erature and the writings of Mary Baker Eddy may be borrowed or purchased before or after the Wednesday service.

CHRISTIAN SCIENCE CHURCH
"GOD" was the subject of the Lesson - Sermon in all Churches of Christ, Scientist, on Sunday Jan. 3.

The Golden Text was, "Unto the King eternal, immortal, invisible, the only wise God, be honour and glory for ever and ever" (I Timothy 1:17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Hear, O Israel: The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might." (Deut. 6:4,5).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Life, Truth, and Love constitute the triune Person called God, - that is, the triply divine Principle, Love. They represent a trinity in unity, three in one, - the same in essence, though multifarious in office: God the Father-Mother; Christ the spiritual idea of sonship; divine Science or the Holy Comforter." (Pg. 331).

What You Buy With WAR BONDS

The Navy is making a plea to civilians to turn in their binoculars for military use during the War. The Army and Navy both need binoculars for navigation and scouting purposes. Depending on the power of the lenses, they cost from \$50 to \$80 each.

If you have a set of 6 x 30 up to 7 x 50-power lenses binoculars loan them to the Army or Navy. If not, your purchase of War Bonds and Stamps will help buy this equipment for our fighting forces. At least ten percent of your income in War Bonds every payday will do the job... and provide the "eyes" through which a scouting pilot may spot an enemy battleship.
