Assembly Program

The creative expression assembly will be given Friday by the class of 1942-1943. The program will be as follows: Creative expression student, 1975, Lee Kruse; spirit of creative expression, 1942-1943, Shirley Culver; emancipation day, a farce in two acts, by Shirley Culver; "Tomorrow," a short story by Betty Thompson, read by Mary Decker; "Maidenswoon's big game, and tall tale by Jack Montie, read by Maiden-swoon in person; "A creative expression romance," a pantomime written and narrated by Betty Thompson; "From the sublime to the ridiculous," a monolog written and read by Leona Hamill; "Red Riding Hood and the wolves," a grand opera written by Joyce Baldwin and Mary Decker, and interpreted by the boys of the class.

The cast of characters for "Emancipation Day" are, Bud Preston, president of Gamma Nu, Neil Hammond; Lover Cartwright, a college boy, crazy about bugs, Bob Daugherty; Joan Mercer, Hollywood starlet, Edith Gamet Willson; fraternity brothers, other boys in the class.

Students in "A Creative Expression Romance" are Joyce Baldwin, and Annabel; Alberta Adkins as John; Mary Decker, and Annabel's father; scenic and sound effects, other girls in the class.

One-Act Play

The Footlights one-act play, "Mario's Well," under the direction of Mrs. Shick, was presented to the student assembly January 15.

The humorous play, centered around the neighbors who try to "help" Mario dig his well, was received with much applause by its audience. The "mob" scene was particularly effective in its liveliness and effective blending of gay costumes.

One of the leads of the cast was taken by Kenny Franklin just two days before presentation, in the absence of Charles Johnson. Other members of the cast were: Roland Letson, Edith Gamet Willson, Delbert Miller, Michael Quaglia, Kay Taylor, Gerry Kimble, Earl Bridwell, Vance Meyer, and Ben Hickey. All other members of the Footlights acted as citizens of the Italian village.

The rest of the assembly was taken over by the pep club. Coach French mixed up a "Miller Stew" in introduction of the basketball team, and the yell leaders led the students in yells and songs.

In conclusion, Miss LoDene Jackson introduced a song entitled "Ah, Well I Remember," which was voted by the student body to be accepted as the official Cottage Grove school song.

Hydro Picture

All home rooms who so desired went to the auditorium January 14 where the motion picture "Hydro" was shown.

The picture presented the various projects on the Columbia river, especially Bonneville dam. The river was shown before the dam was built, during the process of building, and after it was completed. It showed the special fish ladder which had to be built so that the salmon could go upstream to spawn.

Mid-Year Exams

This is the week for mid-year examinations. Nationwide objective English tests will be taken by every student in school, the results of which will be compared with those of other schools. Nationwide tests will also be given in history, chemistry, mathematics, shorthand and business science.

New courses being offered this semester are advanced algebra, Pacific relations, and pre-induction courses in electricity and auto-mechanics.

Many students are changing their schedule to be able to take these new subjects offered.

Some juniors and seniors are shifting to either public speaking or creative expression which can be substituted for a half year of either junior or senior English.

Intramural Basketball

Intramural basketball began January 13. A round-robin schedule is being played. These games are played during the noon hour with a half game each day. Captains for the teams are: Seniors, Bob Dugan; juniors, Dick Balch; sophomores, Leonard Barkemeyer, and freshman, Cecil Martin and Wally Morelock. In games so far the juniors and seniors both claim the lead with one victory each. The juniors won from the freshmen in the first contest 23-9. In the second game the seniors walked the freshmen 56-15. The remainder of the schedule is as follows:

Tuesday and Wednesday, January 19-20—Juniors vs seniors.

Thursday and Friday, January 21-22—Freshmen vs Sophomores.

Monday and Tuesday, January 25-26—Juniors vs Freshmen.

Wednesday and Thursday, January 27-28—Seniors vs Sophomores.

Dramatics Club Elects

Second semester Freshman dramatics club elected the following officers recently: Director, Dolores Meyer; assistant director, Carolyn Johns; secretary, June Mendell; treasurer, Shelia Towers, and reporter, Carol Hunter.

Mrs. Shick to Visit in Seattle

BOND SALES IN LANE \$400,525.00 FOR NOVEMBER

Oregon again leads the U. S. A. in war bond sales and Lane county did its part by purchasing \$400,525.00 of war bonds during November, the last month for which official figures are available. Total state-wide sales equaled \$10,787,000.

Oregon's national record is the largest purchase of war bonds in proportion to income of any state in the union. \$9.93 out of every \$100 of income was loaned to the government to provide equipment for the boys on the fighting fronts.

Oregon has lead the nation twice in the last four months, having also been number one state in August.

The state's quota for January is \$10,300,000, which is \$2,200,000 higher than previously. The quota for Lane county is \$564,440.

POST-WAR DEVELOPMENT

We hear a lot about mass production these days, but when we're told, for instance, that a freight car can be rolled off an assembly line every four and one-half minutes, we're likely to say it's impossible. Yet it has been done, and can be done over faster, according to C. A. Liddle, president of Pullman-Standard Car Manufacturing Co. In a New Year's interview, he said so many freight cars will be needed to replace those obsolete or worn out from over-use that mass production of them—and even passenger cars—may be a significant post-war development.

Sawdust Waste to Charcoal Possible

What appears to be a practical process of making large quantities of charcoal from Douglas fir sawmill waste has passed through the laboratory stages and will next be tried out in a pilot plant at the forest products research laboratory at Oregon State college. The work has been carried on by the school of forestry in cooperation with the department of chemical engineering under the terms of an appropriation by the last legislature.

Under laboratory conditions 136 pounds of wood produced 15.25 pounds of charcoal, almost 10 pounds of tar, and a large quantity of gas that is recirculated through the material in the manufacturing process. Once the process is started it is carried through by its own production of heat except for drying of the raw wood waste.

While the process and facilities used are not particularly new, their application to large-scale production as a by-product of Douglas fir sawmills has never been worked out. Industrial development in the Pacific northwest would provide an almost unlimited outlet for such charcoal, say those in charge of the project.

Delight Valley

Mrs. E. J. Sears was hostess to the Social Neighbors club January 13. Mrs. Martin Foster of Cottage Grove was a visitor. Plans were made to meet January 20 for Red Cross sewing at the home of Mrs. J. Crick. The next meeting will be at the home of Mrs. Ralph Sears, Wednesday, January 27.
