Your Cooperation Please

Everyone should be interested in speeding service in these war times. You can help us give better service and at the same time help us conserve needed manpower by observing four simple rules in packing your laundry as suggested by the American Institute of Laundering:

- 1—Place all white articles in the bottom of your laundry bag.
- 2—Place all colored pieces in the second layer.
- 3—Matched socks form the third layer
- 4—Tie shirts to be ironed together for the fourth or top layer

If shirts are not to be ironed, they should be placed on the bottom if white; in the second layer if colored.

These rules will save at least a third of the sorter's time, which means that you get better, quicker service.
