and meeting its quota is an American habit!

To help win this War, to help provide the fighting equipment and the fighting men America needs, every American has a job to do.

That job includes saving at least 10% of his income in War Bonds. Your quota, too, is 10%—10¢ out of every dollar you make, 10¢ out of every dollar's worth of pro-

duce you grow and sell.

Start saving in War Bonds today. Get them regularly, not the least you can but the most you can, remembering that they're the finest, safest investment in the world, guaranteed both as to principal and interest by the United States Government.

Mosquito Bar

Among the casualties returning to the United States from the Solomon Islands are men who have lost their hearing, not from injury, not from shock, but from attack by insects upon men who have been without mosquito bar protection.

We'll never know how many lives this mosquito bar has saved and you probably never will know just how much good your purchases of War Bonds have done, but you should know that regular and increasing purchases are necessary.
