

### 'Crazy House' Is Lavish Fun Event

Olsen and Johnson, major funsters of the stage and screen, are starring in their most lavish comedy, "Crazy House," at the Arcade Theatre January 14 and 15. The Universal funfilm, actually faster and funnier than "Heilzapoppin," has one of the largest groups of headline entertainers ever assembled for a single movie.

Featured celebrities in the dizzy production include Cass Daley, Martha O'Driscoll, Patric Knowles and Thomas Gomez. Winning special approval are Tony and Sally DeMarco, Count Basie and his orchestra, Marion Hutton and the Glenn Miller Singers, Chandra Kaly and his dancers and the Delta Rhythm Boys.

Other contributors to the merriment of "Crazy House" are Leighton Noble and his orchestra, Percy Kilbride, Richard Lane, Billy Gil-

### Our Merchant Marine Intercoastal Trade

Not all the 49ers went cross-country in wagon trains or sailed around Cape Horn.

Thousands travelled by side-wheel steamer from New York to Panama and made their way by mule back, through the jungles to the Pacific.

The arduous trek over land was relieved in 1855 when a railroad line was cut across the Isthmus to connect the Atlantic and Pacific steamship lines.

The opening of the Panama Canal was the foundation of our intercoastal trade. When World War II broke out, our coastal and intercoastal fleets comprised more than 50% of our merchant marine. The vessels were immediately available for wartime service when the national emergency arose.

#### NAVAL AVIATION CADETS BOOSTED

A five-fold boost in quotas for naval aviation cadets has increased opportunities for many more men to obtain the U. S. Navy's famed \$27,000 aviation education, reported the Portland branch, Office of Naval Officer Procurement, 330 American Bank building, Portland, which handles applications in Oregon.

Naval flight training is open to 18-year-old high school as well as 17-year-old boys, provided they are currently enrolled in high school in their last semester or are high school graduates. Eighteen-year-olds apply to the U. S. Navy first and if qualified they may volunteer through selective service for induction in V-5, the navy's flight training classification. Seventeen-year-old boys may enlist direct in V-5.

Because the flight training is rated the most thorough and the longest in the world, only boys in good physical condition are eligible.

#### Villainous Killers

Coopers, sharpshinned, marsh hawks, great horned owls and screech owls are villainous killers of birds and wild game and should be the object of every sportsman's shells.
