—get that extra War Bond NOW!

Display Your Colors
Every patriotic home in America will want to display this emblem. Paste it on your front door or on a window to show that you have done your part in the 4th War Loan.

Now, as never before, your country looks to you to do your patriotic duty. For this is the showdown. And what's *your* part in this bitter struggle?

Right now, it's to get behind the 4th War Loan and invest in at least one extra \$100 Bond. A Series E War Savings Bond will cost you just \$75 and you get back \$4 for every \$3 you invest, if held to maturity. But that's the least you can do. Invest more if you possibly can. Invest \$200—\$300—\$500 or more. Help the company you work for to meet its quota.

Remember, these *extra* War Bonds are in addition to your regular War Bond subscription, either through payroll deductions or other channels. Before you say you "can't afford" to do more than you are already doing, think of those who are pouring out their blood and their lives today and every day that this war goes on.

Let's All BACK THE ATTACK!
