CEILINGS LISTED FOR STRAWBERRIES

WASHINGTON.— Ceiling prices for fresh strawberries were established by the OPA April 13th at substantially the same levels as last year.

The schedule covers producers' prices and is designed to return to growers the national average farm price of \$6.51 a 24-quart crate, which, OPA said, was received last year. Retail prices will be derived from this key schedule by district OPA offices.

The prices go into effect "in the near future," the agency said. Under the schedule, Washington and Oregon were placed in a separate zone designated zone 3, where all year prices are 13 cents a pint, 27 cents a quart, and 18 cents a pound.

TAKE YOUR SHOPPING BAG TO TOWN

American housewives may help avert the critical shortage of store bags and wrapping paper expected during the next few months by carrying shopping bags or baskets when marketing and by reusing paper bags when ever possible, WPB says. Small and boxed articles should be accepted unwrapped and several purchases from the same store should be put all in one bag. The current allocation of bags and wrapping paper is less than one-third of pre-war supplies.

NEW SHOE STAMP ANNOUNCED

Beginning May 1, Airplane Stamp 2 in War Ration Book

Three may be used for buying one pair of rationed shoes. OPA announced. The new stamp and Airplane Stamp 1 will be good indefinitely. Stamp 18 in Book One will expire April 30. From May 1 through May 20, children's low-priced shoes (maximum \$1.60 per pair) in sizes 8½ through 12, and misses' and little boy's shoes in sizes 12½ through 3 will be ration-free. In 1943 sales of civilian rationed shoes exceeded production by more than 53 million pairs, which made it necessary late last year to decrease the number of shoes available to civilians.

Let's all be
CITIZEN SOLDIERS
on the Food Front

A Victory Garden again this year? By all means! There's even more reason for Victory Gardens this year than last, particularly in the West. Food still fights for freedom, and total supply is inadequate for all needs. The food you raise and eat releases more food for others who need it, also helps keep prices down.

But remember, production is only one part of the food job. Avoiding waste, observing price ceilings and ration regulations, are equally important. "Produce and conserve; share and play square."

Remember, too, that good Citizen Soldiers have many other vital home front duties. There are active parts for us all to play in speeding victory. All the time, energy, money and blood that we can possibly expend will not equal the contributions of those who are fighting and dying for us. Let's all be Citizen Soldiers, all the way!

One very vital duty is to "Care for Your Car for Your Country." It's your nearby Helpful Associated Dealer's wartime job to assist you. So he's happier than ever to render you every service in his power to help keep your car running... prouder than ever to supply you with famous Vedol Motor Oil and Vedol Safety-Check Lubrication.
