You know how it feels when someone you love says good-bye. You're lonely and lost and scared. Wondering when you'll see him again. Frantic at the idea of sitting home, waiting till it's over. Rebellious because there seems nothing you can do.

But there IS something you can do . . . something bigger, more vital than women ever had a chance to do before. If you're between 20 and 36 the Navy needs you . . . needs you now . . . to serve your country as a WAVE. For our fighting men can't win this war alone. They need women to help—not with guns and ships and planes—but in vital Navy jobs

ashore. Thousands of women are already on duty at important Naval Stations all over the U.S.A. They're teaching Navy gunners how to shoot. They're helping Navy pilots learn to fly. They're working on charts that guide the Fleet at sea. They're keeping supplies and ammunition rolling to the fronts.

The Navy wants you to join these women and serve your country where you're needed most. You can do a big job. You can be proud of the part you play in bringing victory nearer. And you can be sure that someone dear to you on the fighting fronts will be very proud of you, too!

JOIN UP NOW. This book tells you how. It's "The Story of You in Navy Blue." It tells you about the exciting posts you can fill, the free training that is yours, the pay, uniforms and promotions you will get.
