Military Nursing

Military nursing, as it is known today, had its rise as a result of the Crimean war.

Image Remains

When the eyes blink sight is shut off for about three one-hundredths of a second. However, because it takes a visual picture about five one-hundredths of a second to fade, ordinarily the interruption of sight is not noticeable in blinking.

Mobiloil
Now...
or Repairs
Later

YOU'VE probably never been through such a critical summer with your automobile. Over 4,000 cars being junked every day—no new cars in sight—spare parts becoming more scarce! No wonder many motorists are now asking: "Will MY car last until I get a new one?" One important way to help make your car last, yes, and to avoid costly repairs, is to have regular oil changes with correct grade of fresh, pure Mobiloil. Mobiloil helps guard your engine against wear and corrosion—resists the formation of crankcase deposits that collect quickly at wartime low speeds and on short trips—actually helps keep your engine clean. All this means less danger of costly damage—more miles from your rationed gasoline—longer life for your car. So change to Mobiloil NOW!
