NEW POLICY ON GASOLINE FOR SERVICE MEN

A new policy on granting rations to members of the armed services on leave or furlough was announced today by McDannell Brown, district OPA director.

Effective July 25, 1944, a member of the armed services on leave or furlough for a period of three days or more will be entitled to one gallon of gasoline for each day of his leave or furlough up to a maximum of 30 gallons. The new rule replaces one granting a flat five gallons to every member of the armed services on leave, furlough or pass, regardless of the length of the leave.

FLYING BOMBS ARE OLD

(Pathfinder Magazine) The Nazi flying bombs are neither "new nor secret" says Dr. Charles Kettering, head of the National Inventors Council. Back in 1919 Dr. Kettering filed an application for a patent on "an aerial torpedo that is a self-propelled airplane carrying a large charge of explosive." Plans are available at the patent office to anyone willing to pay a 10 cent fee.

ARMY ENGINEER OFFICIALS HERE

TO MY FRIENDS AND PATIENTS:

It is with regret that I must close my office in Cottage Grove for the duration. I hope to see and serve you once again when the war is over.

In my absence, Dr. Arthur W. Ruhndorf of Eugene will take care of my patients. He is located between the Miner building and the Eugene hotel. Your prescriptions will be filed in his office and I can recommend him very highly for any work in the optical field.

Thank you for the reception and patronage.

DR. JOHN T. MONAHAN.

The proudest title in the Army

It CONSISTS of two simple words.

Yet every soldier who's worth his salt covets it.

This title is simply:

"Good Soldier."

It isn't just happenstance that so many women in the WAC have earned this title—the proudest in the Army.

For wherever Wacs are working, both here and overseas, there you find a job well done. And done with a spirit so gallant and fine that high Army officers everywhere say of the WAC...

"They're soldiers. Good soldiers!"

Good soldiers...
