That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

ROOSEVELTS REMINISCING IN 1932

It has been only twelve years since our people were enjoying the greatest prosperity they had ever known. The minimum wages was \$5.30 for 8 hours, every body that wanted to work had no trouble to get it. Today it is almost impossible for a man to get a job at a living wage.

Millions are turned out on the byways and highways not knowing which way to turn to get a bite to eat.

Our Penitentiaries are overflowing and our Asylums for the insane are in the same condition. Our farmers are organizing to defy our officials if they try to fulfill the law by selling their mortgaged homes. Two percent of the population own 90% of the wealth of the nation all on account of the mal-administration of our Government. It is high time there was a change. There is something rotten in Denmark, one thing sure the capitalist haven't been neglected, and plainly have been favored, and if this goes on it won't be long until we have a bloody revolution like France and Russia, which was not so good for us aristocrats. There fore if I am elected to administer the laws, I will positively give labor some favors.

Now in 1944 twelve years later.

The Industries and farmers included are making the most stupendous profits ever in spite of all their belly aching the proof is the real estate values are increasing by leaps and bounds. Labor is making the best living ever in their lives. The indigents are better taken care of than ever before. Still Dewey has alacrity to truthfully accuse F. D. R. of favoring labor and declaring if he is elected he positively will not favor labor. Labor farmers included constitute the great majority of the population and they will surely take Dewey's warning. F. D. R. will not have to say one word to get the greatest vote ever recorded. Here is the glad hand to the new deal with all its mistakes. The choice of the people of our nation. **Dennis E. Slagle, North Bend, Oregon.**

Textile Employment
From 1914 to 1939 the number of wage-earners in the woolen and worsted industries of the United States declined by 8 per cent, while the number of wage-earners of all industries during this period increased by about 22 per cent.
