

Do We Want the W. P. A.?

or

Do we want jobs and Private Enterprise?

The Democratic party gave us the W.P.A., charity, and then prosperity came, only because of the war.

UNEMPLOYMENT UNDER ROOSEVELT

1933	13,271,000
1934	11,424,000
1935	10,652,000
1936	9,395,000
1937	8,282,000
1938	10,836,000
1939	9,979,000

Where were 10,000,000 Jobs during Roosevelt's 7 years of Peace?

Do We Have to Have a War to Have Jobs?

We didn't under Republican Administrations

Give the individual a chance. Give business a chance, and free, private enterprise. Then we can have—**JOBS**—not a government dole. Before the War the Democratic party

created no jobs except government jobs—and millions of them.

Do We Want Our Service Men and Women to Return to a Dole?

Of course not. They want **JOBS**. They want **FREEDOM**. A chance to have a business of their own if they wish.

We can't expect that under Roosevelt—under the Democrats. They have never given us that.
