

Post-war Europe Needs Only Small Part U. S. Lumber

(J. Philip Boyd, Director Lumber and Lumber Products Division.)

There are apparently being circulated a great many rumors regarding the extent of this country's extension of aid to foreign countries involving lumber and prefabricated housing for rehabilitation. Some of these rumors have reached fantastic proportions, and anyone giving credence to them can probably find good reason to become worried about our own domestic supply. I should like to have you circulate this statement to your branch of the industry to give it the true facts of the situation.

Up to this time, and with no additional demands foreseen for the immediate future, the amount of lumber or prefabricated lumber items which has been authorized for these purposes is an extremely small part of our total supply. For the purposes of dike repair in Holland 5,600,000 board feet has been authorized. For the construction of barracks to house workers at the French ports which our armed services are using, there has been allocated 23,400,000 board feet of lumber to be fabricated in this country. These two items are quite directly connected with our own military operations.

About one-third of England's dwellings have been destroyed or damaged, which destruction is continuing. During the war, construction of homes in Britain has been virtually at a stand still. With the swollen population, the situation is desperately acute. Britain needs a minimum of 500 thousand temporary dwellings now and immediately after the end of hostilities in Europe. They are preparing to make the vast bulk of these themselves. To help tide them over the emergency, 30 thousand such units have been authorized to be prefabricated in this country during the next seven months, and those units contain no lumber except the actual structure; sheathing, siding, roofing, etc., are of materials other than lumber. The total amount of lumber involved, including the millwork and flooring, is less than 164 million feet. The total number of units for which lumber is allocated is 30 thousand—not ten times this number as has been reported by some sources where an extra zero was apparently added.

In addition, about 80 million feet of lumber is to be sent to England for repair of bomb-damaged existing structures. Canada is sending a much larger amount.

A total of 4,750,000 feet has been authorized for certain previously occupied countries for the repair of damage wreaked by the evacuating Nazi armies.

All these items total less than 300 million feet or less than one percent of our total production in this country. The hardwood flooring involved in the British housing is 10 percent of the hardwood flooring production. The millwork involves less than 5 percent of the lumber allotted to the millwork industry. In addition, all lumber items are specified to be supplied in species and grades so as to constitute a minimum conflict with war and essential civilian requirements.

I do not believe this constitutes an unfair or unreasonable demand on our forest economy in view of the desperate needs which it is partially serving.

Mosby Creek

Mr. and Mrs. Fred Frost of Cottage Grove and Mrs. Berta McGuire and sons of Walden were visitors Sunday afternoon at the Harry Castle home.

Kathryn Fetter of Cottage Grove spent Tuesday night with Betty Duerst.

Lloyd Carter and daughter Mary Jo have gone to Modesto, California, to work for the summer. Mrs. Carter and daughter Sandy will stay on the ranch.

The Brock families held a family reunion at the Eagles hall Sunday. Those present were Mr. and Mrs. L. W. Brock and family of Portland and Mr. and Mrs. D. C. Brock and family of Salem, Mr. and Mrs. Lyle Brock of Cottage Grove, Mr. and Mrs. Sam Eastburn and family of Cottage Grove and Mr. and Mrs. Dave Munsell and family of Walden.

Mr. and Mrs. George Hastings were guests Sunday at the Art Jones home in Gowdyville. Mr. and Mrs. John Hastings of Lorane were callers Sunday evening at the George Hastings home.

Mrs. Dorothy Woodworth and Mrs. Hazel Morris attended a luncheon Monday at the Little Gray cottage back of Skinner's Butte park in Eugene, honoring the alumni county committee members of the Home Extension clubs of the county.

Nancy Taylor of Blue Mt. is visiting in Springfield this week with Mrs. Taylor's aunt, Mrs. Ida Gantz. Miss Lois Parsons of Portland a cousin of Mrs. Taylor, visited at the Howard Taylor home over the week end.

The Misses Elsie and Doris Black who work in Eugene were guests Sunday of their parents, Mr. and Mrs. Wilbur Black of Walden.

Mr. and Mrs. John Dugan of Latham and Miss Mildred Dugan of Cottage Grove were visitors Sunday at the Dan Dugan home at Walden.

City Council Has Routine Session

At the regular meeting of the city council Monday evening, the council voted to give over the city map room in the upper story of the city hall to the Red Cross to be used one day each week. The council discussed the leasing of Kelly field to the Cottage Grove Softball association and referred the matter to the park committee and asked the park committee to work out an agreement with the high school board.

The council also voted to purchase a portable chlorinator to be used in the city water works, the purchase to be made immediately. A motion also carried authorizing Mayor H. A. Hagen to appoint a planning commission.

GIRL SCOUT ACTIVITIES

Girl Scout Troop No. 50 made up of members from the sixth grade met Wednesday at the Presbyterian church for a six o'clock dinner. The leaders, Mrs. Gaylord Davies and Miss Lila Graham prepared a hot dish and the girls prepared and served the rest of the menu as a part of their "home making" activity.

Saturday afternoon Troop No. 52, girls of the fifth grade, enjoyed a candy pull at the Methodist church. Mrs. Harold Radway and Mrs. Carl Rynearson are troop leaders.

Next Monday at the close of school Troop No. 51, girls of the Junior high school, will meet with Miss Marjory Stewart, executive secretary of the Eugene Council. Mrs. Arthur Mason and Mrs. Carolyn Hunt are leaders of this group.

Later in the evening Miss Stewart will meet with the local council members.

Annual Meeting of Presbyterian Church Is Held April 3rd

Unusually fine reports were given by the officers of every organization in the Presbyterian church at their annual meeting on Tuesday night. Of special interest was the report by the treasurer of the building fund, Mrs. W. H. Daugherty reported that we have now \$17,312.00 in the building fund. The Sunday school had grown to such an extent it was reported that we are desperately in need of more room to house all of our children. The pastor reported that during the first week of July this year the church would celebrate its ninetieth anniversary. It is hoped that by that time a goodly share of the \$50,000.00 goal set for the new church building will be raised. A group of new members are uniting with the church next Sunday, which will bring the total accessions close to thirty since the pastor came here less than a year ago.

The following new officers were elected for the coming year:

For elders, H. B. Ferrin, Earl Bal-
lew, Joe Smith; trustees, Scho-
field Stewart and Clarence Moore.
Mrs. W. H. Daugherty was re-
elected financial secretary and
also treasurer of the building fund.
Rev. Kammann in his annual re-
port on the conditions of the
church said, "That recent crowded
conditions both at the church ser-
vice and the Sunday school has
convinced even the most skeptical,
that we are in desperate need of
a new church building." He also
said that plans were already for-
mulated by the officers, to com-
plete the canvass for the church
building fund, which to date had
hardly yet begun. A. J. Kammann,
pastor.

Prevent Crystallization
To prevent crystallization of grape
jelly, cook one cup of dried tart
apple with each quart of grapes.

HELLO, FOLKS!

I am late on account of being
mixed up in a catfish deal; also
had violent arguments over cigar-
ettes with Ernest Lebow, Orrie
Davis and others. Ernest refuses
to repair my store teeth, and Or-
ris claims he will not be respon-
sible for getting the mail in the
right boxes unless I deliver them
an ample supply of smokes. Ed.
Keitzer and Bill Price went cat-
fishing and brought back enough
to feed most of the west side, so
between skinning catfish, arguing
and running the store I have been
too busy to tell you that we are
back at the same old stand, your
West Side Store, and will try to
serve you with the best of every-
thing in the line of groceries, meat
and vegetables.

Bill and Sophia Stilling.

Absorbs Wear
A cushion under a carpet or rug
takes some of the wear. A moth-
proofed hair pad is best, but several
layers of newspapers will do.

Red Cabbage
To keep the red color of red cab-
bage and beets, add a tablespoon
of vinegar to each pint of cooking
water.

In this was manifested the love of God
toward us, because that God sent his only
begotten Son into the world, that we might
live through Him. Herein is love, not that
we loved God, but that he loved us, and sent
His Son to be the propitiation for our sins.
I John 4:9, 10.

Who is he that overcometh the world,
but he that believeth that Jesus is the Son
of God? I John 5:5.

SIXTH & GIBBS

Brave little Hearts that will Never Forget!

Hard and cruel have been the lives of
young ones in war-torn countries. Children
like these—30 million of them—are hungry,
homeless, nearly naked. Deaths from ex-
posure are often as many as deaths from
starvation. Tuberculosis and typhus run
rampant among them.

Never will their brave hearts forget the
horrors of war. Never will their grateful
hearts forget your gift of the clothing they so
sorely need—clothing which now hangs un-
used in your closet—or reposes forgotten in
your attic.

And remember, these pitiful children of
today will be our proud partners of tomor-
row in keeping the permanent peace we are
all fighting for! Isn't their everlasting friend-
ship worth your spare clothing?

America must help clothe about 125 mil-
lion men, women, and children in Europe
alone. This month, America must collect 150
million pounds of serviceable used clothing to
take care of part of their needs.

Some of that clothing must be yours—as
much as you can spare.
Will you do your share today?

What YOU Can Do!

- 1 Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
- 2 Take your contribution to your Local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.
- 3 Support your Local Committee not only with your clothing contribution but also with your time, effort, and energy.
