Clean-up Week June 11 Through June 23

Let's make our community more healthful, safer and more attractive by doing these things: Cut grass and weeds now before they are too dry. Dry weeds and grass not only create a fire hazard, but as they become more mature, they are more difficult to dispose of. Trim trees around your premises and cut out overhanging limbs. Trim vines and brush away from sidewalks and repair sidewalks to make pedestrian traffic safe.

Beginning Monday, June 11th, the city will have trucks to pick up and cart away garbage and trash, which should be placed in suitable containers on the curbing of your property.
