

Johnsonian ALL-PURPOSE SHOES FOR MEN OF ALL WEIGHTS AND SIZES

Men come in all sizes—tall and short, heavy and light, and we have found their feet to be as variable as their individuality.

Man is like his shoes—adaptable to weights and service, to work or play, to stress and strain—no article of wearing apparel plays so important a part in the American war and home front.

Sizes and widths in shoes are of supreme importance to good fitting. We endeavor to carry a range of fitting sizes on basic shoes—and stand ready to serve you with Johnsonian, the "smartest shoes on the square."
