LION ROARS

Juniors to Give Play
"His Name Was Aunt Nellie" is the three-act stage farce which has been selected by the junior class for the fall play. The author of this play is Andrew Jameson.

This mirth-provoking comedy, has established itself as a prime favorite with jubilant audiences throughout the country.

Mr. Garrigus, who is in charge of production for the junior play, describes "His Name Was Aunt Nellie" as the most ridiculous farce he has read. He feels certain this comedy will provide an evening's enjoyment for both actors and audience.

Casting will begin very soon, and it is planned to produce the play early in December.

Volley Ball Tournament
At the first of the G. A. A. volleyball tournament 8 girls were chosen from each class to play on the All-star teams.

The first game to be played was between the sophomores and freshmen. The sophomores, the winners of the first game, played the juniors in a very close game but were defeated. The final game of the tournament, between the seniors and juniors, was played November 1 with the juniors winning over the seniors by a large margin.

The players of the victorious team are: Elaine Crader, Pat Sorenson, Donna Porterfield, Jane Beidler, Donna Mae Funk, June Malcolm, June Elfving, and Doloris Kelly.

These girls are scheduled to play a faculty team November 13.

Crucial Tilt With Springfield
Coach Bob Dusenberry's Cottage Grove Lions meet the Springfield Millers next Friday after-

noon in a game that will decide whether the Lions will get into the state playoffs or not. If the Grovers beat Springfield, as they are expected to, they will have a good chance of meeting McMinville the next week end for the District 3 championship.

Practice was interrupted this week by Teachers' Institute. The local gridders practiced hard Monday but did not practice Tuesday. Coach Dusenberry has been drilling his charges on getting better timing on their T-formation plays.

Several of the first string line-men, Cork Ewing, Gene Campbell, and Jerry Mickey, are on the injury list but all of them are expected to be in good shape for the game Friday.

Springfield will throw everything they have against the Lions in an effort to knock them from the undefeated class.

The game will have no bearing on the league standings of the two schools since they are in different leagues.

Coach John Young's Millers will be plenty tough on their home field and the Lions will have a rough time with the heavy Springfield eleven.

Congressman Harris Ellsworth reports that the atomic bomb has had official Washington in a near panic for the past few weeks, trying to decide whether or not to share the secret and trying to find a defense against it. Whether or not science can develop a means of neutralizing the weapon remains to be seen he says, but the best bet is to develop a device that would explode the atomic bombs while they are in storage.

Grangers Grow Social Crops that benefit all Oregonians

MAIL BOXES along country roads are symbols of a Grange achievement.

Oregon was one of the first States to have rural delivery of mail. The route, south of Salem, was established on an experimental basis in 1898. The success of this and similar routes in other parts of the country led to the extension of R.F.D. to every part of America.

Projects of this nature are as vital a part of Grange policy as better agriculture itself. That is why 28,000 progressive farmers belong to the Oregon State Grange—why membership continues to grow—why the Grange is a dominant force for social progress.

Information about the purpose and accomplishments of the Oregon State Grange is contained in a booklet "Let's Look at the Record". Contact your local Grange for copy, or write direct.
