MRS. MARKHAM SURPRISED

Yesterday afternoon a group of friends, former co-workers in the primary department of the Methodist Sunday school with Mrs. John Markham of Lorane route, called to help observe her 73rd birthday anniversary, taking a decorated cake with "Happy Birthday to Mrs. Markham" inscribed on it and ice cream, which they all enjoyed. She was also the recipient of many birthday cards and greetings. Mrs. Markham was a faithful worker for years in the Methodist Sunday school, but was forced to quit a few years ago on account of ill health.

Those calling on her were Mrs. Mamie Gidney, Mrs. Pearl Saffley, Mrs. Alvis Wicks, Mrs. Paul Dyksterhuis and Mrs. Herb Adams.

On the previous day, the Cedars club ladies, who met at the home of Mrs. N. E. Compton, for an all day meeting, remembered Mr. and Mrs. Markham with their dinner and several birthday cards.

today... The Daylights

pacemakers for trains to come

Every day Southern Pacific's luxurious streamlined Daylights join San Francisco with Los Angeles in a glorious daylight trip. One Daylight streaks along the California coast, over the Santa Lucia Mountains and along the blue Pacific Ocean shore for more than a hundred miles. Another Daylight travels over the rugged Tehachapi Mountains and through the great San Joaquin Valley.

The Daylights are among the most popular trains in America and the most beautiful trains in the world.

Aboard these luxurious red and orange streamliners you enjoy enormous "showcase" windows five feet wide, soft foam rubber seats, fluorescent lighting, a low-voiced public address system to announce station stops and points of interest, baggage elevators, complete air-conditioning, smooth gliding motion thanks to ingenious tight-lock couplings between the cars.

Modern ideas such as these, tested in years of daily service on Southern Pacific's Daylights, the Lark, the City of San Francisco and the Sunbeams, gave us a head start in designing the trains to come.

tomorrow... Southern Pacific is planning more streamliners, and will have them on our four major routes as fast as conditions permit. These new trains will be the finest the world has seen. Watch for the new Southern Pacific streamliners. Then it will be more exciting than ever to "try the train."

Curtin

(Delayed)

We have always been proud of our Curtin school. This year we have the largest enrollment in years. Mrs. Olive Palo of Drain, who teaches the lower grades, has 35 pupils and Mrs. Ruby Hallaway of Smith River Road, has 17. Mr. and Mrs. Sam Gilman enjoyed a bounteous Thanksgiving dinner and a nice visit with Mr. and Mrs. Pete Paris of Eugene, formerly of this community. Mr. and Mrs. Gilman have just received a telegram from their son, Donald, who has been in the south seas for many months, with the Navy, that he will soon be home on leave.

The J. Suiter family have moved to the pretty modern home they recently purchased near Lorane. We were all sorry to see them leave, but glad they have such a nice home.

Mrs. C. W. Booher has reser-

vations for a train out of Portland on Dec. 7. She will stay a couple days with relatives in Chicago, and then join her husband, PFC. Booher, MP, in Cambridge, Ohio. Diane and Michael will stay with relatives.

Mr. Harry Griggsby, who was hurt at the Anlauf mill last July, is finally home from the hospital. He is still in a heavy cast, and is under the Dr.'s care. It is hoped

the comforts of home and his wife's good cooking may build him up so that the bone will heal faster.

Some of Mrs. Ruby Meacham's neighbors gathered at her home on Wednesday, Nov. 28, to help her enjoy her birthday.
