WHERE IS HE?

We are looking for the guy who said we never had any floods in this country. It has not been many years ago since one could hear the lament that the government was wasting money trying to build flood control dams when we never had any floods, but somehow we have not heard that remark recently.

AT THE BEGINNING OF NEW YEAR

We think the custom of making new year resolutions and trying to live up to them for the rest of the 365 days is a good one. Many fall by the wayside, but enough succeed to make this a better old world. This is a good time to take a fresh start to do some of the things you've promised yourself, but have not got around to do.

NELSON GIVES UP CHAIRMANSHIP FOR INFANTILE PARALYSIS

To the people of south Lane county I wish to advise that I have again been asked to conduct the annual drive in 1946, as I had done each year since 1938, the very beginning of the March of Dimes, but on account of too much other work I have asked the county chairman to be relieved of this responsibility, after eight years of service.

Thinking all who have assisted me during the past eight years, I am,

Respectfully yours, N. J. NELSON, JR.

10 YEARS AGO

The new year was welcomed here hilariously, but comparatively sober, with no hang over police court business.

Mills of this section are not taking the usual holiday shutdown.

The freakiest shot ever made on the Cottage Grove golf course was reported Monday when Elbert Bede sunk a ball in the pocket of Bill Zimmerly's golf bag.

A son was born last week at a Eugene hospital to Mr. and Mrs. Glenn Flatters.

Robert Petersen of Klamath Falls visited several days this week with his parents, Mr. and Mrs. William Petersen.

Kenneth Short of Spokane visited during the past week with his grandparents, Mr. and Mrs. J. T. Short, and at the home of his uncle, R. E. Short.

THOUGHTLETS

By Carl B. Balch

A distinguished churchman recently wrote that if we want a durable peace we must have "durable people."

Sometimes great wrongs have never been righted until many people found them economically unprofitable.

Perhaps one way to solve the liquor problem is to make it unprofitable to the manufacturer.

That the color question still vexes the world, is evident in the request from England and India that the site of the permanent home of the United Nations organization, shall be free from race discrimination, from all visiting delegations.

Why is it that during times of stress "Old Lady Humor" runs riot through a community?

No lodge can take the place of the church. Their fundamental purposes are not the same.

Personal honesty is a great asset but it covers much more than just being money honest.
