A 2-year-old cougar that has been killing goats on the John Stalder ranch, was caught and killed Monday by John and Walter Pitcher and their hounds.

Freda Stalder of Eugene is spending her vacation at her parents home here.

Recent visitors at the John Stalder home were John Alpine and Margaret Miller of Eugene and Mr. and Mrs. Les Leaming of Creswell.

Mr. and Mrs. Martin Flaten and Mrs. Gertrude Flaten were Sunday dinner guests of Mrs. Fanny McAllister in Eugene.

The teachers and pupils of Delight Valley school are planning a program and basket social for Saturday night, April 13. Parents and friends are invited.

Mostly Static By "Shorty" Smith

Howdy Folks: When we hear Jimmy Fiddler and Luella Parsons gushing over their favorite movie stars, we are convinced that movie commentators have more fawn than anybody.

And when we hear the ladies raving over Van Johnson, we have to think that there is one fan that really moves 'em.

And we must remark that there is a limit to everything except the number of news commentators over the air.

One of our neighbors thinks there is one program that should change its name to the "snitch of time."

Stealing a kiss may be petit larceny, but after seeing Dorothy Lamour, we sometimes think it would be grand.

There's one grand thing about buying our lighting fixtures. You know that the quality never varies. It's the same good value every time.

\$400,000,000 construction program under way on the Pacific Coast

During the next five years, a four hundred million dollar construction program is planned to improve and expand telephone service on the Pacific Coast.

This program is already under way and is going ahead steadily.

In 1946 alone, more than 70 building projects, installation of eight billion feet of wire in exchange cable and construction of 200,000 miles of toll and long distance circuits are expected to be completed. Work will be started on the Western part of a nation-wide coaxial cable network for long distance and television transmission, and in the next few years many new services and improvements will be introduced.

For it is our purpose to grow with the West and to help the West grow—to provide an ever-widening, ever-improving telephone service.

LATHAM

The Delight Valley school played a baseball game with Latham here Thursday afternoon.

An 8½-pound daughter, Edith Ann, was born April 6 to Mr. and Mrs. Chester Morris at their home. Mrs. Morris is the daughter of Mr. and Mrs. Roy Beers.

Mr. and Mrs. Bud Skoglie of California visited last week with her parents, the A. E. Walkers, and his sister, Mrs. Elvis Boswell. They will reside here.

Mrs. Lee Williams has returned after a few days spent with her mother in Grants Pass.

Mr. and Mrs. R. E. Yates are due to arrive in Portland Sunday by car from Milwaukee, Wisconsin. He is being transferred to Portland by the Allis-Chalmers Co.

Eldon Walker left Tuesday for Tillamook after a few days at home.

CURTIN

Miss Fern Goins left the first of the week for Sacramento, California, where she will visit with a sister and brother.

We are sorry to have to report the severe illness of Mrs. Irene Ames. She has been very ill for nearly a week, and we understand that the Dr. reports that blood tests indicate she is suffering from Para-typhoid. Mrs. Marvick is proving herself a real friend by ministering daily to Mrs. Ames' needs.

Several children in the valley were much thrilled last week to see a deer, a doe, run swiftly up the canyon road for a quarter mile or so, pivot, run back on her own trail, plunge into Bear Creek and, leaving the creek on the opposite side, take refuge behind some logs and brush. They concluded she had been chased by dogs.

Mr. and Mrs. Clayton Payne purchased a fresh cow from Max Ames. If they were to receive the going wage for the time they spend caring for her, they would have to get much more than the OPA price for milk to break even.

The mill here at Curtin now has a Hyster, or lumber carrier. They have never used one here before.
