Dan Trask Is Instructor at the B & H Flying Field

The B. & H. Flying service has employed Dan Trask, former major in the army air corps, as instructor on the B. & H. Flying field, located about five miles north on highway 99 near Walker. Trask, recently discharged, has had 2000 hours flying time as an army instructor, and just prior to the end of hostilities, made the longest mission on record in a B29.

The B. & H. service has completed the construction of an office building and has construction on a hangar well underway. This service announces that a free trip is in store for some lady. The first to start and solo on the field will get a free cross country trip to

Portland or a cross country flight of equal distance.

Among the students who are taking dual instruction at the field are: John Harrington, Ed Beecher, Ray Thies, Louise Poole, Bill Helliwell, Burdick Trask, L. J. Leach, Bill Collins, Mr. and Mrs. P. A. LaBlue, Wilma McFadden. Spring rains have retarded operations, but many of the above students are well along and will be making their first solo flight with more favorable weather.

When shop equipment can be moved into the hangar, a comfortable office and waiting room will be ready for pilots and spectators at the field.

The Neighbors of Woodcraft will hold a social meeting at the home of Mrs. J. P. Graham April 16th at 8:00 p. m.

Mrs. Joe E. McKibben drove to Portland Thursday to visit her sister, Mrs. A. P. Keppel and friends.
