Howdy Folks: After reading all the best authorities on horse racing we have finally made up our minds as to what horse is safe to put your shirt on—a clotheshorse.

Even so, we'll never bet on a horse race. We're afraid of the "bookie-man."

Of course horse sense is what teaches a girl to say "neigh!"

Whether a horse is a race horse or a work horse, he should never get so hungry he bites his fodder.

On the other hand, a nag is a woman who rides a man.

Men and women are both coming to our Service Department more and more.
