Howdy Folks: It's great to wake up these spring mornings and hear the leaves whispering outside your window.

We never could stand to hear the grass moan, though.

Spring, that's the time of year when a young man's thoughts turn to something fancy.

It's also the time of year when the girls begin to think about shorter skirts.

Short skirts are a big advantage to the girls, though. They help them to get up stairs.

Speaking of girl's clothes, we read that high heels were invented by a girl who was kissed on the forehead.

Be that as it may, we are sure that we can make you a satisfied customer with our Monarch Wood Ranges. Give us a chance to prove it. They are on hand now.

Preceding the ceremony William Fuller sang "Ave Maria" accompanied by Mrs. Cecil Caldwell. Mrs. Caldwell also played the wedding music.

The bride was given in marriage by her brother, William Zimmerly. She wore a suit of black with white accessories, a corsage of rosebuds and carried a white prayer book.

Baptist Church Is Scene of Wedding

Baskets of calla lilies and potted Easter lilies and candelabra formed a lovely setting Saturday evening in the First Baptist church for the wedding of Miss Phyllis Jean Foster, daughter of Mr. and Mrs. George Foster, and Henry (Bill) Pruitt Jr., son of Mr. and Mrs. Henry Pruitt. The double ring ceremony was read by the Rev. George Hardy, pastor, at 7:00 o'clock Saturday evening, April 20, before a large group of relatives and friends.

The bride came down the aisle on the arm of her father, was lovely in a brocaded white satin dress with train and a fingertip veil held in place with a bandeau of baby orange blossoms and carried a shower bouquet of gardenias and orchids.

Miss Pat Olmstead of Portland, student at Oregon State college, was maid of honor and the bridesmaids were Miss Reta Quaglia of Cottage Grove and Miss Norma Whitford of Gresham, also Oregon State college students, wore pastel formal dresses of net over satin, in pink, blue and yellow and carried nosegays of spring flowers.

Jack Pruitt, brother of the groom, was best man, and ushers were Dan Andreasson of Leona and Bob Ewing.

Mrs. Benton Schrenk of Albany sang "Because" and "Always" preceding the ceremony and was accompanied by Miss Betty Bagley who also played the wedding music.

A reception followed in the banquet room of the church where cake, punch and coffee were served to about 125 after the bride and groom cut the first piece of cake. Those presiding at the table were Mrs. Berta McGuire, cutting the cake, assisted by Mrs. George Allen, cousin and aunt of the bride. Nina Chapman, a cousin, and Mrs. Frank Chapman, an aunt, served the punch, and Mrs. Hazel Reider and Mrs. Lee Dugan poured. Also assisting with refreshments were Mrs. Harry Castle, an aunt, and Mrs. Roy Dixon. Out of town guests were Mrs. Hazel Reider and Mrs. Sadie Fordyce of Portland; Mrs. Schrenk of Albany and Bill Loomis of Newport.

For going away the bride wore a gray striped wool suit with light green accessories. After a week's trip through California visiting friends and relatives, they will be at home in an apartment at the home of the bride's parents.

Mrs. Pruitt graduated from the local high school in 1944 and attended Oregon State college the following year and since has been employed in the Mountain States Power Office. Mr. Pruitt was recently discharged from the armed forces after three years in service. He is also employed by the Mountain States Power Company. Orchids were wired to the bride and her mother and the groom's mother by the bride's brother, Byron Foster, who is stationed at Colorado Springs, Colorado and was unable to be present for the wedding. The Easter lilies used for decorating were raised by Mr. and Mrs. George Foster.

New vacuum tube equipment will speed long distance calls

Long distance expansion program in full swing

At dozens of places up and down the Pacific Coast we're going ahead with new vacuum tube equipment which boosts the number of telephone calls wires can carry.

This is just part of our unprecedented long distance expansion program now under way.

For the phenomenal development in this part of the country has resulted in a tremendously increased number of toll and long distance calls. (In 1945, for example, we handled nearly a million a day.) But we're working full speed ahead to install the additional facilities we need to provide a better and faster long distance service than ever before.
