36 Per Cent of Cars Checked Are Found Defective

Thirty-six per cent of the private passenger cars checked by police throughout Oregon during the first four days of the current police safety check program, were defective in some respect, Secretary of State Robert S. Farrell Jr., said today.

Of 1,931 cars checked from May 15 to May 19, police reported 713 with defects. The average number of defects per defective vehicle was 1.93.

Defective brakes, head lights, tail lights and stop lights led the list of vehicle defects noted by police, Farrell said. During the period May 15 to July 1, state and local police throughout the nation are checking brakes, lights horns and windshield wipers on all vehicles stopped during routine enforcement activity. In some instances, city police departments are operating voluntary check lanes where motorists may have their vehicles checked by police.

The object of the police safety check program is to emphasize the need for better maintenance as a means of accident prevention, Farrell said. In making the check, police present drivers with a small pamphlet containing safety suggestions.

Oregon's traffic death rate for the first four months of 1946 was 11 persons killed per one hundred million miles of travel, exactly the same as for the same period of 1945, Secretary of State Robert S. Farrell Jr., said today.

"Thus, while actual deaths are considerably higher than they were a year ago, the death rate, which shows the number of deaths in relation to the exposure to accident, has not increased," the Secretary of State said.

Motor vehicle use during the first four months of 1946 soared to new highs for this state, Farrell said. The month of April, for example, saw the highest gasoline consumption of any one month in the state's history, he declared.

"While Oregon's death rate is not increasing, we are barely holding our own, and unless drivers and pedestrians exercise greater care, the death rate may start moving upward, as motor vehicle use continues to climb," Farrell said.

Old Lace

To renew old lace, squeeze in hot soapy water, then in cold clear water, and finally in milk to stiffen it. Press on the wrong side.

LONDON

Mr. and Mrs. C. R. Pease of Albany were overnight guests last week end at the home of Mr. Pease's sister, Mrs. Laurence Barkemeyer. For Sunday dinner another sister, Mrs. P. A. Williams and husband of Cottage Grove attended.

Mr. Fred Alcorn and son Frank of Nampa, Idaho were visitors at the Gale Roby home last week.

Mr. and Mrs. George Gunn and Deanna returned home from Salt Lake Thursday.

Mrs. Maxine Freeman and Nan are spending a few days with her parents Mr. and Mrs. Roy Ewing.

A nice shower was given for Miss Clara Powell at the Harry Garman home May 29. Over 30 relatives and friends were there. Cake and lemonade was served.

Don Ewing is spending a few days in Portland.

A birthday dinner was held at the Harold Abeene home Sunday in honor of Lovell Stimmel, Gene and Ferris Lusk, Dortha Hess and Donna Abeene. All their birthdays are in June. There were 37 present for dinner.

Mr. Dale Cox and family of Glide, Ore., have moved to their home in London.

The R. D. Harper family have moved to Bennett Creek where they purchased a place.

Mr. and Mrs. R. L. Lynch and family have moved into one of the Carl Small houses.

Boyd Clark is expected home this month on furlough from San Antonio, Texas.

Material Officer Walter E. Cowan who is home from Japan was a visitor of S. T. Clark. He is stationed at Swan Island navy yard in Portland.

Mrs. F. D. Overholser was also a guest at the S. T. Clark's Sunday May 26. She is from Creswell.

Clara Johnson and Betty McBee were over night guests of Laveta Abeene, Monday.

MARINE CORPS OFFERS EDUCATIONAL OPPORTUNITY

Men between the ages of 17 and 26 can now join the marine corps for 2, 3 or 4 years. The marines offer you adventure, international travel and a high school or college education in any school of your choice. If you enlist on or before October 6, 1946 you will receive full benefits of the G I bill of rights and a 2 year enlistment allows you 36 months of college and a 3 or 4 year enlistment allows you 48 months. Besides these opportunities, the marines teach you technical and special vocations such as: aviation, diesel engines, automobile, radio, photography, criminal investigations, fingerprinting and lots of other subjects.

So men take advantage of this great opportunity and enlist today or contact your nearest marine recruiting office for further information.

Main lobby, Cottage Grove armory on Wednesdays or room 207, Eugene armory, Eugene, Ore.

TAYLORCRAFT ARRIVES AT C. G. FLYING FIELD

Arrival of a new Taylorcraft last Sunday means that plans for lots of flying by members of the C. G. Flying club can now be carried out. Ralph Allen piloted the plane from Ohio. It is at the C. G. airport on South 6th street and members may now start flying at cost. Plans are also underway for the purchase of an Aeronca Chief.

At the last meeting the minimum cost of flying a Taylorcraft was set at \$3.00 an hour, to be raised or lowered as the condition suggests.

During the meeting on the 27th it was also announced that the \$5.00 monthly dues is payable by members starting June 1st, and must be paid by June 10th or it will be delinquent. Members may take their payments to Ralph Allen at the C. G. airport or to Jane Harris at the Gas Company or they may be mailed to E. Rhode Bullington, Lorane route.

The next meeting will be June 10th, Jefferson school at 8:00 p. m. A class in ground school will also be conducted at that time.

HAVE YOU INCREASED THE INSURANCE ON YOUR HOME AND CONTENTS?

If you have not done so you are probably under insured. Replacement costs are 140% higher than ten years ago. Let us help figure your present day value for insurance purposes.

1500 Students Are Expected for U of O Summer School

UNIVERSITY OF OREGON, Eugene—Approximately 1500 students are expected to register for the forty-second annual University of Oregon summer sessions beginning June 18. Dr. Dan E. Clark, head of the history department and director of the summer sessions, has announced.

Dr. Eldon Johnson, head of the political science department at the university and national academic director of the army air force pre-meteorology program and director of the graduate school of the department of agriculture, Washington, D. C. prior to joining the university, will serve as acting director, university president Dr. Harry K. Newburn announced. Dr. Clark will be on leave of absence as visiting professor at the University of California, Berkeley, Calif.

Veterans will increase the enrollment from its last year's 543; it is expected, and the sessions' curriculum will be organized with an eye to presenting courses that will give continuity to the courses in the regular academic school year. There will be more lower-division courses as well as special courses for those persons who plan to enter medical or dental schools or the school of nursing, and professional work leading to the high school teacher's certificate or renewal of an emergency certificate.

The first session will begin June 18 and end July 23; the second will be from July 24 to August 29, and each will yield a possible nine academic hours, or the equivalent to a regular school term.

LATHAM

Mrs. W. Artau and baby and Mrs. Perasso and child of San Francisco have been spending some time visiting at the Chas. Stockdale home. Mrs. Artau is a daughter.

Mrs. Ellen LaJolie, mother of Mrs. Elsie Chilson, died May 29th at Marcola. The Chilson's attended the funeral Saturday at Springfield.

Mrs. Ruby Hill of Portland visited recently at the Fred Harris home and went on to Port Orford to visit her parents, the Millers.

George and Bennie Campbell of San Francisco visited at the Boswell and Walker homes and with relatives in Eugene this week.

Mr. and Mrs. F. B. VanNortwick residents since 1915 have sold their 90 acre farm to a party from Los Angeles. They expect to buy

a home with small acreage in this vicinity.

The Ray Harris children are having the scarlet fever.

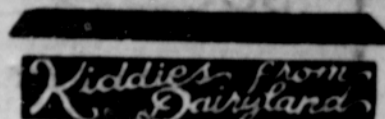

Mr. and Mrs. Leslie Hull and family of Vancouver, Wash., are here looking after their farming interests and visiting at the C. Plaster home.

Mr. and Mrs. W. L. Baker are attending the state grange convention at Baker, Ore. this week. Miss Alice Mann of Roseburg spent Monday visiting the Leslie Hulls at the Claude Plaster home.

MASONIC LODGE ORGANIZED AT OAKRIDGE

A masonic lodge was instituted at Oakridge, Saturday evening by Fred W. Hartman, Grand Master of the Grand Lodge of Oregon. The meeting, held at the IOOF hall, was attended by 175 Master Masons from Portland, Eugene, Cottage Grove, Junction City, Creswell, Springfield, Gardiner, Drain, Tillamook and other places throughout the state. Sheriff Tom A. Swarts of Eugene was a special guest.

Grand officers present were H. D. Proudfoot, secretary; Lewis A. Meisel, D.D.M. District No. 9; Walter M. Ranson, Sr. Warden; Shalor Eldrige, standard bearer; Sherman Smiley, D.D.M. Dist. No. 12; Roland F. Randall, D.D.M. Dist. No. 10.

WHY are Greyhound Fares DOWN...

When Most Other Things Cost MORE?

Fares in Oregon are 40% Lower Since 1933

STRANGE as it sounds, Pacific Greyhound fares in Oregon have been reduced... BECAUSE the service is being increased! Look at it this way...

As Oregon communities grow, and as more frequent service is added, more people ride Pacific Greyhound buses. 35 passengers can be carried on one bus for

no more than it costs to carry 25. It costs little more to operate a depot for 6 buses a day than it does for 4, and so on.

If more people ride, Pacific Greyhound's costs go down. And Pacific Greyhound passes this saving on to the people of Oregon... in the form of lower fares and better, more frequent service than ever.

WHEREVER YOU GO...

you'll find RICHFIELD

Boulder Dam, fountainhead of electrical energy for the Southwest, is one of the man-made wonders of the world. From the north and south U. S. 95 and U. S. 93, from east and west U. S. 91 and U. S. 466.

RICHFIELD has climaxed more than a quarter century of refining triumphs in today's RICHFIELD gasolines. These new fuels have been fortified with aviation gasoline compounds that guarantee quick starting, smooth pick-up and a steady flow of power regardless of where you go. You'll cruise along coastal highways with effortless ease, climb sky-high mountain roads or flatten out for a desert run with power to spare. Your foot dictates the only change in pace when your engine is powered with the new 1946 RICHFIELD gasoline.
