Parsons, superintendent of schools at Yoncalla. He was accompanied by Mrs. Parsons and Elmer Helliwell. Elmer Kent gave a report of a recent trip to Eugene with a group of the Methodist Men, who attended the Eugene meeting.

The scripture reading was read by Albert Woodard followed by a song, "What Will You Do With Jesus," by Mrs. Frank Brown, Mrs. Wayne Monroe, Mrs. Cecil Saffley, Mrs. Jane Harris and Miss Joyce Gamet, accompanied by Walter Kendall. Impromptu talks were given by Earl Bulch and Mrs. N. E. Compton and the benediction was given by Weston Allen. Howdy Folks; This week, we will discuss America's greatest indoor sport—bridge.

The most important thing in the bridge game is to pick a good partner. Never select a partner with a one trick mind.

Early to bid and early to raise doesn't make a good bridge player.

A good bridge player is one who learns to take it on the shin.

To the Husbands  
 One of the neatest card tricks is learning how to get out of making a fourth hand at bridge.

During the war, the servant problem was so serious many women stopped playing bridge and started playing Bridget.

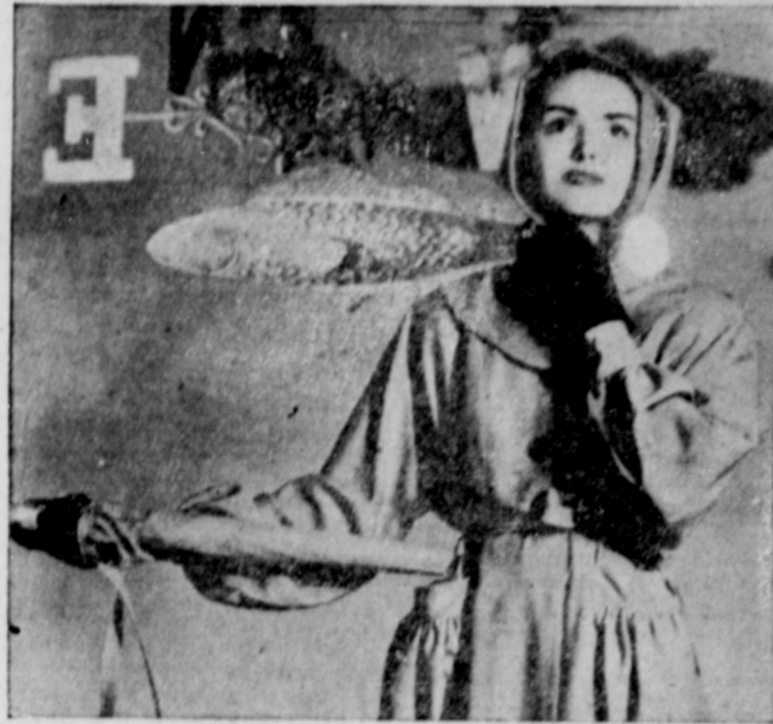

Playing a good game of bridge indicates the triumph of mind over chatter.

Our game is to supply you with lighting fixtures.

We try to do a good job of it.

**Resume of Aid Society**  
 by Charter Member

(Mrs. J. P. Graham)  
 At regular meeting of the Presbyterian Aid Society Wednesday, Nov. 13, a potluck dinner was served at which the losing side in the recent annual experience social was in charge with Mrs. Mabel Merriman as chairwoman.

Mrs. R. S. Drenner, president of the club, presided at the meeting and thanked the club for their splendid co-operation in the work of the Aid. Tentative plans were made for a rummage sale to be held November 30, in the east room of armory. Mrs. A. W. Helliwell is in charge. A bazaar will also be featured at the same time.

Mrs. O. W. Blackmore was in charge of devotionals, the topic being "Thanksgiving."

Mrs. J. P. Graham gave a brief history of the organization of the society and said in part: "In looking up data for this report, we have been unable to secure much definite information as it has not been possible to locate the original books of the secretary. However Mrs. Joe Smith found the original treasurer's book from which we gleaned the following, including some anecdotes from three surviving charter members present:

The Cumberland Presbyterian Aid Society was organized in September, 1891 with about 25 charter members. Over a half century has passed since then and our Aid still flourishes. There are but four surviving charter members within my knowledge. Mrs. Mae Cochran Rice of Portland, Mrs. Herbert Eakin, Aunt Cad Wallace and Mrs. J. P. Graham of Cottage Grove. Mrs. Eakin has the honor of being the only continuous charter member.

The group met mostly in private homes but occasionally at the Union church on Main street. I am not sure where the first meeting was held. The group worked at whatever the hostess wanted them to do. Sew carpet rags, quilt, pick over wool and various kinds of sewing. They were paid \$1 for the afternoon work. No refreshments were served.

The purpose of the Society was to raise money to assist in paying the pastor and to help furnish the new church, then in course of construction. The building was completed in 1892. Some of the members paid for individual chairs. They bought the bell, chairs, carpet, etc.

The group sponsored dinners, bazaars, suppers, etc. and paid the pastor, Rev. J. C. Templeton, in April, 1892, the sum of \$253.40.

The dinners and suppers were served in the old opera house on Main street, known as the Sherman opera house. The ladies worked hard but enjoyed it. Meals were served sometimes during the afternoon and consisted of roast turkeys, chickens, salads, vegetables, pies, cakes, coffee and all the trimmings including jams, jellies and pickles, all for 50c a plate. The first dinner was served the same month as organized, as Lena Jordan, secretary was authorized to pay all bills contracted by the Aid for the supper served Sept.

**IS YOUR OIL BILL TOO HIGH?**

**Investigate ASSOCIATED Automatic BURNER OIL**

ASSOCIATED Automatic BURNER OIL keeps your oil bill down because:

1. It's a distilled oil made for automatic burners.
2. It forms no soot or carbon—no smoke.
3. Atomizes instantly—burns steadily.
4. Contains no water or sediment.
5. Burns clean because it is clean.

Every drop of Associated Automatic Burner Oil is distilled. All the sediment and impurities have been left behind resulting in a pure, clean, amber-colored oil. Every gallon, a full gallon of heat energy—no dirt, no water—it's all oil.

21, 1891. Mrs. Harms was treasurer.

Mrs. Emma Adams remembers that the annual experience social began about 40 years ago. We make our money at this date in that way, doing away with the popular dinners of long ago. For one bazaar, I note some of the prices as follows: 10 lbs. of mixed candy, 18c. 13 packs of gum, 28c. 4 lbs. of peanuts, 17c. 4 pounds of walnuts, 12c. 3 dozen oranges, 80c. The late Aunt Sarah Cochran was first president; Aunt Cad Wal-

lace was president in 1893. The name of the Society was probably changed when the church united with the Presbyterians. We hope to locate the original secretary books some time.

**CHRISTMAS PARTY DEC. 3**  
 Cedars Club met recently at the home of Mrs. Bert Scott. Next meeting is to be the Christmas party at the home of Mrs. H. Minkler, Dec. 3.

**LADIES BIBLE CLASS**  
 The Ladies Bible class of the Methodist church held an all day meeting Wednesday in the church with a paper sack luncheon at noon. At the business meeting the devotionals were led by Mrs. J. R. Hendricks. The remainder of the afternoon was spent in piecing quilt blocks.  
 The Christmas party will be held December 18th at the home of Mrs. Charles Arnold.

Report to people who are waiting for telephone service

**Telephones are going in fast . . .**

But the Pacific Coast's growth makes job bigger than ever

Despite severe shortages of materials, we have added telephones at a record pace this year. So far, more than 305,000 have gone into service.

Still, there is a tremendous job to do before we can catch up with the Pacific Coast's spectacular growth and provide service for everyone who wants it. Millions of dollars worth of additional equipment must be manufactured and installed to take care of the orders on hand and new applications which continue to pour in every day.

You may be certain that we are doing everything we can to hurry the day we bring your telephone to you.

Thank you for your patience and understanding
