Church of Christ, Sixth and Gibbs, "The Church With a Friendly Spirit." Friend, do you know that most of your actions are the direct result of habits? Stop and think over your average day. See if I am not right. From tying your shoes in the morning to putting on your bed clothes at night, most of what you do is done by habit. And it is too bad that our habits are not all good, not all for our benefit, or for the benefit of society. We would all be so much happier. But we can change our habits! Form the habit of regular church attendance. Try it for a year. You will find that life is more enjoyable and things will go better.

An Open Letter from WOODSON-WICKS ELECTRIC about Refrigerators

As an Authorized Dealer for Frigidaire, world's leading maker of refrigerators, we bring you these facts . . .

1 Although many refrigerators are being made, many families find they cannot buy one. The reason is that millions of families want new refrigerators—but only thousands are being made.

2 The demand for Frigidaire refrigerators is very heavy, because during difficult war years thousands of families proved again just how dependable Frigidaire refrigerators are.

3 Everybody, it seems, wants a new Frigidaire refrigerator. You may not be able to get yours as soon as you want it. But Frigidaire is the world's leading maker of refrigerators, so you will get the new Frigidaire refrigerator you want—and soon.

4 A refrigerator is such an important investment, and a Frigidaire offers such definite advantages, that we say:

Be sure the new refrigerator you buy is a FRIGIDAIRE—made only by General Motors. Even if you have to wait for it, you'll be glad you did!
