PEOPLE ARE ASKING THESE QUESTIONS ABOUT ARMY ENLISTMENT

Q. What educational benefits do I get under the GI Bill of Rights?

A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period of service, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the termination of the war, entitles you to another month of post-service education, up to 48 months.

Your tuition, laboratory fees, etc., up to \$500 per ordinary school year will be paid by the government. Also, you will receive \$65 a month living allowance; \$90 a month if you have dependents.

Q. What about family allowances?

A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.

Q. What are my chances of going overseas?

A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.

Q. Can I still choose the branch of service I want to serve in?

A. Yes. You can pick any branch which has quotas to be filled, if you enlist for 3 years.

Q. Is there any way I can reenlist in my old grade?

A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.

Q. Is there any other way I can reenlist in grade?

A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.

**AROTANE MAKES ANY CAR
A BETTER CAR TO DRIVE**

AROTANE—made entirely from high octane components by the pioneer in the field of premium motor fuels—now offers you today's finest all around gasoline performance. AROTANE gives you the best performance that your car, new or old, can deliver. Try a tankful of AROTANE, the Dual Octane Quality Gasoline, at your Friendly Associated Dealer's today.

It is a well-known fact that not one, but several components are required for balanced, all around performance in a gasoline. The right proportion of components is better than an excessive amount of any one.

For example, components of higher volatility (vaporizing ability) than you need for instant starting are not only useless, but wasteful. Octane, beyond the point of complete elimination of knock or ping in your car, serves no purpose whatsoever. Remember this—AROTANE gives you complete, knock-free, balanced performance—the best your car is capable of delivering. Remember—
