

Water Softener Helpful
Chemists estimate that a city in Illinois with 40,000 people would waste a ton of soap daily if the natural water were used without water softening.

Howdy Folks; Only the brave deserve the fair; but only the rich can support them, so what the heck.

Being rich doesn't always mean a lot, though. There was the party who owned a yacht, an airplane and three automobiles and still walked in his sleep.

Being poor doesn't worry us. If we were rich, we'd have to live with rich people.

A rich husband is always a rich man, but a rich man often is a poor husband.

During the war, the rich got the shovels and now the poor get the shackles.

You have to be dead to get your face on money, but you have to be very much alive to get your hands on it.

Why don't you save yourself a little money by buying our Gibson Home Freezers.

Ask any of our customers about them.

On South River Road, Looking Across the River

There's more than one sore spot along the river road and here's one of them. The strip between river road and the river has been used as a dumping ground in many instances. Planning experts say the river road could be made a spot of beauty.

Church of Christ, Sixth & Gibbs. "The Church With a Friendly Spirit." Wanted: Men and women to take seriously the offer that God Almighty has made to them. I mean the offer of life ever-lasting! I mean life with sins forgiven! That's right; He offered you eternal life. But the offer is made conditionally. It will never be yours if you consider it lightly. If it isn't worth your sincerest effort, it isn't worth anything. Why not think this thing thru? Why not let the gospel have a chance at your heart? We cordially invite you to come and worship and study with us on the Lord's Day. We believe it will do you good.

Announces Details of \$20,000,000 Price Reductions

Details of the recently announced International Harvester policy of making price reductions to save users of our products approximately \$20,000,000 a year have now been worked out.

We have reduced prices on 163 models. These cover 12 basic models of farm tractors, 123 basic models of farm machines, 16 basic models of industrial tractors and engines, and 12 models of motor trucks, as well as certain motor truck attachments. The new lower prices are effective as of March 10, 1947.

These reductions were made not because of any decline in demand, but because we believe nothing is more important to this country than to lower the prices of the goods people buy.

While prices have not been changed on all products, we have made reductions wherever possible, in the amounts possible. Prices of many of our most popular products have been substantially lowered.

Altogether, more than half of the company's customers will be benefited by the reductions, which range from 1% to 23.8% and from \$2.50 to \$300 per item, based on list prices. F.O.B. Chicago.

Since the people have demanded that the government withdraw from price control in peacetime, the responsibility to keep prices in check is back where it should be—in the hands of business and industry. The business outlook makes it possible for us to move toward the goal of lower prices, and we have felt a duty to act as promptly as possible.

Our ability to maintain these lower prices will depend on the supply and price of materials we buy from others and on uninterrupted production at reasonable wage levels.

The prices listed here carry out our announced policy that "Any price is too high if it can be reduced."

25 More Types of Products

Plows—52 models reduced from \$9.00 to \$20.00 (3% to 10.7%).
