Motorloggers Make Trip to Reno Long Way 'Round Along the Coast

Roulette at Harold's club in Reno. Women dealers are almost as numerous as men and much more popular and quick.

Below is a condensation of a motor log article appearing in The Oregonian's Sunday magazine section May 11. The article is one of a series prepared by The Oregonian in co-operation with the Oregon State Motor association.

BY GWLADYS BOWEN
Staff Writer, The Oregonian
ONE ORDINARILY doesn't drive to Reno over the Coast highway, and then cut across California just above Ukiah. But to the traveler with plenty of time there is much to recommend that route. Not only does it offer the most spectacular scenery of the Oregon coast as well as the best of the Redwood groves of northern California; but it also adds the lush pasture lands of north central California and the thrilling adventure of crossing Donner pass in the Sierra Nevada range.

Maps show alternate routes to Reno from Portland. Motorloggers took long way along Coast highway to Ukiah, Cal.

Mrs. Lynch Currin plans to spend this week end with her daughter, Miss Maxine Currin, who is a student at the University of Oregon, Eugene.

Mr. and Mrs. Goff and family of Disston have moved to the Blue Mt. community.

Mrs. Kittie Kime visited in Portland over the week end with her daughters, Mrs. A. R. Linck and Miss Geneva Kime.

At least two Cottage Grove families will have drinking water this summer when the supply gets low. They will be Dr. Harold Axley and Charles Beidler, who have had wells drilled.

Fritz Bradford MM3/c, with the Navy and attending school at Long Beach, California, will spend the week end here with his parents, Mr. and Mrs. Frank Bradford.

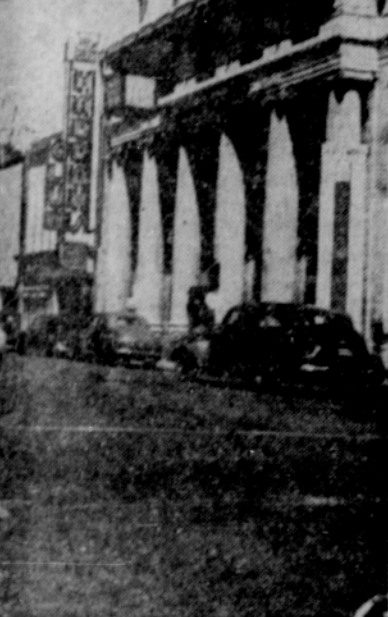

Gene Campbell, son of Mr. and Mrs. P. M. Campbell of Black Butte route, underwent an emergency operation at the Eugene hospital Monday afternoon.

days of '49 when the world rushed to these towns after gold was discovered.

Eventually one reaches Reno, Nev., the "biggest little city in the world." Reno is popularly known as the city of easy divorces and weddings and wide-open gambling. It is true that the laws of Nevada permit all these things. Liquor can also be bought by the drink. At first glance on reaching town, one wonders if there is nothing in the downtown area but gambling clubs, bars and cafes. But a second look reveals the fact there are splendid hotels (an old 12-story hostelry nearing completion) and excellent shops.

What isn't realized is that many people are flocking to Reno, as well as other Nevada

Motorloggers found gambling clubs standing shoulder to shoulder on main street of Reno. They're open all day.

cities, because the state has neither an inheritance tax nor a sales tax. Also, the casual visitor doesn't realize that the second largest gold producing mine in the country is in Nevada. Great herds of beef cattle and breeding stock make the state almost as well known as its weddings and divorces. It is estimated that the 200 gambling games and more than 1000 slot machines in Reno grossed more than \$27,000,000 in 1946.

The return trip to Portland from Reno may be made on 395 north, via Burns and Pendleton, and then west on 30, on 395 as far north as Alturas and then west to Klamath Falls or north from Lakeview to Lapine.

Dorena Grange To Sponsor Cub Scout Pack Soon

The regular meeting of the Dorena Grange was held Thursday evening May 2nd at the Row River club hall.

The agriculture committee told of a new slow-acting nitrogen fertilizer, Uraform, which has been developed by the U. S. Dept. of Agriculture. Due to the shortage of chemicals used in this new fertilizer it is not manufactured on a large scale as yet but holds bright promises for crops such as corn, potatoes and crops that require additional fertilizer during the growing period. This fertilizer does not leech out of the ground as easily as other fertilizers. Senate Bill 99 in regard to water rights was discussed. Also additional information was given on 2-4-D weed killer which is known to be non-poisonous to livestock.

H. E. C. report was given by Minnie Wagner. Next serving committee to be Mr. and Mrs. McCune, Mr. and Mrs. McCormick, Olive Mull, Mr. McFarland, Mrs. Plaisted and Rosalee Plaisted. The ladies are asked to bring a pie and sandwiches May 8th. At this time Hebron, Goshen and Dorena will present their one act plays at the old Grange hall in Dorena. Lunch will be sold. There is no admission charge for these plays and the public is invited. Lunch will be sold by the H. E. C. club after the plays. An invitation was read from Creswell H. E. C. asking the Dorena H. E. C. to be present for a luncheon at 11:00 a. m. May 20th.

The Grange voted to sponsor the Cub Scouts, also to give a half 4-H club scholarship.

Bobby Kelly was elected to membership and two applications were presented for membership.

Mrs. Sherrill, chairman of the youth committee, reported a weiner roast being planned for a later date. All young grangers between the ages of 14 and 27 are urged to be present and get this organization going. Mrs. Sherrill is an active leader and deserves the support of all young grangers.

A special treat was enjoyed by the grangers when Ray Hampton, fire assistant of the Umpqua forest, appeared as speaker on the lecture program. His talk was enjoyed by all and we hope to have more such interesting speakers. Rex Wakefield, ranger at Rujada was also present. Esther Stratton, reporter.

LEABURG MAN DIES OF WOUNDS

Eugene Kenneth Watson, of Leaburg died in a Eugene hospital Friday evening from gun shot wounds, said to be self inflicted. He was found by his wife, a school teacher, on her return home. He was lying on a sofa in the Watson home and a note beside him. He was rushed to the hospital and died a short time later.

Words of the Wise

To my mind, the best and most faultless character is his who is as ready to pardon the rest of mankind, as though he daily transgressed himself; and at the same time as cautious to avoid a fault as if he never forgave one.
