Howdy Folks: One difference between a June bride and an old maid is the bride has had a wedding march while the old maid hasn't even had an overture.

The tragedy of a June bride's life, though, is when she realizes how few new dresses she can buy on what the poor dimwit can make.

Of course some times the marriage doesn't work because the bride has to.

As one of our customers says, men want women and women want diamonds and that keeps the men on the rocks.

Which, we suppose so often makes the state of matrimony entirely without capital.
