COTTAGE GROVE, LANE COUNTY, OREGON, THURSDAY, JULY 10, 1947

NUMBER 48

Elliot Forbes to Appear July 11-12

In an effort to arrange an outstanding educational hygiene program that will win the praise and approval of everyone, Manager C. Morelock of the Arcade theatre, has obtained the noted radio hygiene commentator, Elliot Forbes, to appear in person—on the stage, during each performance of the picture "Mom and Dad", the engagement of which opens Friday-Saturday, July 11-12.

With his fine background of education, research and speaking on these timely subjects, his discourse has proven most enlightening and interesting to audiences everywhere. Besides his radio and stage work he speaks to university, college and high school groups, P. T. A. and other organizations in his travels from coast-to-coast.

Altho not a rapid-fire talker, Forbes packs a vast quantity of hygienic information into his 15-minute appearance as well as considerable humor and stories. He has one of radio's finest commentator voices.

"Mom and Dad", a new Hollywood release with an all-star cast, will be presented three times daily. Due to the delicate nature of the subject matter in some of its medical sequences, it is not for grade school age children, and is shown to segregated audiences only.

The local theatre will have two performances for women only and high school-age girls each day starting at 2 p. m. and 7 p. m. One performance each evening will be for men only and high school boys, beginning at 9 o'clock. Each performance lasts two hours.

Knicks Take Over Lead in Softball League Recently

Knickerbocker's took over undisputed possession of first place by an 11-0 win from Githens. Highlighting the play was the one hit pitching of Perrin Hocker and the "honey-ho" given manager Freddie Vogler of the motormen for mulling about the umpiring. The umpires have served notice that they are running the game and the players can confine their activities to playing ball.

Knicks still have a tough row to hoe before claiming the championship as they still must face Quality, Lorane, Bressler's, and the Baptists.

Weekend Schedule
Friday: Creswell VFW vs. Lorane, Githens vs. Quality Market.
Saturday: Quality Market will play a double header with Steen's Market from the Eugene League.

Monday: Baptist Church vs. Harold's Clinic, Eagles vs. Knickerbocker's.

Wednesday: Bressler's vs. Creswell, Githens vs. Baptist Church. Wheeler of Lorane still leads the parade of top hitters with Knickerbocker's, noted for their heavy stick work, failing to place a man in the top ten.

	AP	H	%
Wheeler, Lorane	14	11	786
Carters, Eagles	6	4	667
Dalton, Lorane	15	9	600

Creswell VFW	1	2	333
Bressler's Furniture	1	4	200
Baptist Church	0	3	000

Checks Root Knot
The material known as "D-D" has shown much promise in controlling root knot. In the garden it may be applied by punching holes (with a broomstick or similar implement) six inches deep in the soil one foot apart, in rows one foot apart, and pouring a teaspoonful of the material into each hole. It cannot be used in soil where crops are already growing and it is necessary to wait two or three weeks after applying before planting crops. D-D is poisonous and care is important in using it.

Discovered 'Plot'

FRANCE'S Minister of the Interior Edouard Depreux (above) has announced the discovery of a widespread plot by a clandestine organization known as the Black Maquis to overthrow the French Republic and set up a military dictatorship. Several army officers and a Rightist leader have already been arrested in the plot. (International)

MOSBY CREEK

Mr. and Mrs. Rusty Bevins and son of Tule Lake are visiting at the home of Mrs. Bevins' grandparents, Mr. and Mrs. Sam Russum of Walden.

Mrs. Jack Jones and new baby son are staying at the home of her parents Mr. and Mrs. Howard Conn.

Sam Russum got his hands and arms burned quite badly last week when his tractor caught fire. He got blood poison in the burn but is on the mend now.

Mr. and Mrs. Lester Rearrick and son Allen spent the holidays in Portland and Beaverton visiting relatives.

Mr. and Mrs. Luther Bettis and Mr. Bettis' father C. P. Bettis and brother Guy Bettis spent the 4th and 5th at Charlton, Oregon fishing. Mrs. Bettis hooked the big one and Guy had to help land it.

La Vena Bettis from Thornton Corners spent the holidays with Geneva Bettis.

Mrs. Jack Cline and children of Oakridge is spending this week with her parents, Mr. and Mrs. Arnold Duerst.

Carol and Glenda Hocker from Kentucky are spending two weeks with their grandmother, Mrs. Nancy Hocker.

Arnold Duerst has returned to work Monday after a two months layoff with a hurt arm.

Royce Alexander has returned to a Roseburg hospital for a check up after he lost two fingers from picking up a dynamite cap. Cecil Alexander is spending the summer with his grandmother, Mrs. Nancy Hocker.

Mr. and Mrs. Perkins Miller and family have moved over the Lorane Mt. to the Siuslaw river where Pearl and Frank are going to log out some timber.

Mrs. Berta McGuire and two sons of Walden and Bill Gerrard of Cottage Grove spent the 4th at Crater Lake and the Oregon Caves.

Red Spiders

Red spiders develop and multiply much more rapidly in warm, dry weather than they do in a cool, moist period, and generally they do not cause very much damage to strawberry plants in cool weather. These pests on strawberries may be controlled by dusting the plants with ordinary dusting sulphur, preferably in warm weather because the kill is greater.

Standing Arduous

Standing takes 14 per cent more energy than sitting, according to the department of agriculture. For this reason specialists recommend that homemakers sit to do all lengthy jobs located in one place. That would include such tasks as ironing, polishing silver, peeling potatoes and preparing other vegetables and fruits. It would also apply to hand-mixing bread, cake or cookies and packing lunches.

Hearing Opens on Phone Rate Boost

The Pacific Telephone and Telegraph Company opened its fight for higher Oregon rates Monday at a hearing before Public Utilities Commissioner Flagg at Salem. Flagg will spend most of this week hearing the company say why it needs \$2,249,000 more in annual rates. Then there will be an indefinite recess, after which the opponents will be heard. Most of the opening testimony will deal with the financial structure of the company and its relationship to the American Telephone and Telegraph Co. The company contends it is entitled to higher rates because of increased costs and increased population. It is seeking similar increases in California and Washington.

Frozen Foods

Foods to be preserved by freezing should be frozen at temperatures of 30 to 40 degrees below freezing and then held just below zero. Owners of home freezers should not put more food into the unit at one time than will freeze in 24 hours.

Clean Hot Air Registers

The suction attachment of an electric vacuum cleaner may also be used for cleaning hot air registers.
