

Cottage Grove Sentinel

COTTAGE GROVE, LANE COUNTY, OREGON, THURSDAY, AUGUST 21, 1947 NUMBER 2

Mrs. E. C. Shay returned Sunday from a few days visit with friends in Winchester Bay.

Plans Outlined For Expansion Of 4-H Program

A five-point program for expanding and improving 4-H work in Oregon has been announced by F. L. Ballard, associate director of the O.S.C. extension service. The program is designed to increase enrollment slightly above last year's total of 22,000, increase the percentage of club members completing their projects, give more training to voluntary local leaders, and guide the selection of and organization of 4-H club projects in the counties in line with the general over-all rural affairs program being worked out by the farm families of each county in rural program-making conferences.

The first step in the program, Ballard explained, is the building of a new staff of leaders, a development necessitated by retirement of H. C. Seymour and Miss Helen Cowgill, veteran members of the extension club department staff. L. J. Allen has replaced Seymour as state club leader, Mrs. Winnifred Gillen, former Klamath county home demonstration agent, has replaced Miss Cowgill, while Cal Monroe was added to the staff as assistant state leader some months ago. Two other experienced and highly qualified leaders in this field will be added to the club staff within the next six months, Ballard said.

Commenting that only slightly more than 77 per cent of the state's 4-H members completed their projects last year, the associate director said, it is the opinion of many that completion should reach 85 per cent of the regular enrollment. Work with volunteer local leaders will be aimed at raising the percentage of completions, he stated.

The 35 projects now available to Oregon 4-H club members are being carefully studied with a view to adding some new ones and eliminating others. One series of new clubs which likely will be offered lies in the field of wildlife. Attention also is being given to promotion of projects that are in line with recommendations of county program planning conferences.

Had Narrow Escape

WHEN A PLANE piloted by George Porter, "buzzing" a party of fellow aircraft workers at Inglewood, Cal., crashed, three were killed and three others hurt. One of the injured, Kenneth Walters, Jr., is shown with his father, Kenneth's mother, Mrs. Eula Walters, was a victim of the freak plane crash. (International)

RADIO RAY

RADIO RAY HAS THIS TO SAY:

Why are so many of the new homes being built OUTSIDE of the city limits of Cottage Grove, in spite of the large numbers of vacant lots within the city??

Presumably because it is to the advantage of the owners to so build.

Then what inducements can the city offer to residential and commercial interests; to get them to build WITHIN the city limits????????

We, as electricians try to offer our customers the inducements of good materials, expert workmanship and electrical knowledge. We INVITE you to come in and trade with us.

Let the City extend a similar invitation.
