LOOKING AHEAD 3-7-47 BY LOUIS WOLFE I NEED CLOTHES MADE OF THAT MATERIAL. RIP VAN WINKLE, YOU'RE A SIGHT.

COTTON WON'T ROT OR MILDEN. A NEW COTTON FABRIC THAT WON'T DISINTEGRATE AFTER YEARS OF EXPOSURE HAS BEEN DEVELOPED BY THE DEPARTMENT OF AGRICULTURE.

Concrete Water Tank A concrete livestock watering tank is watertight, furnishing an ample supply of fresh water in readily accessible troughs. A concrete pavement six feet wide around the tank is highly desirable to provide a clean, mud-free platform for livestock to stand on.

Turns every day of the year. The method of processing the steaks is demonstrated from photographs taken at Pender Cold Storage and Freezer Locker cooperative, where thousands of turkeys are being made into fast selling steaks.

Weight is placed on the steak package. Thawed out gradually to room temperature, they are ready to fry to cook as desired.

Turkey Steaks Open Daily Paying Market

Surplus Birds Are Quick Frozen, Realizing Profit

North Carolina is leading the way in taking care of a surplus turkey crop. Near Burgaw, N. C., quick frozen turkeys are being processed into steaks that bring excellent returns.

First operation is to trim turkey, leaving almost uniform mass of equally divided white meat, dark meat and gravy makins.

Four pounds of turkey stew and 20 pounds of turkey steaks, left and center, secured from 24-pound frozen turkey, right.

Turkey steaks are individually wrapped and sealed in cellophane.

Weight is placed on the steak package. Thawed out gradually to room temperature, they are ready to fry to cook as desired.
