Mrs. Elizabeth Clark, Mrs. Nora Small, Mrs. Frank Taylor, Mrs. Ileen Curran and S. Thomas Clark are attending classes at Jefferson school two nights a week in Cottage Grove with University instructor and credits. Tuesday evening they study art and Friday evening, music. The Thursday evening classes at Creswell finished in December.

Value of Horse Chestnuts
Among the basic ingredients that can be extracted from horse chestnuts are saponin, a soap substitute; tannin, which yields tannic acid for leather processing, and starch, for laundry use.

Bird Tooth Picker
There is a small plover in Alaska which picks the teeth of crabs and the reptile allowing the bird to eat its mouth unharmful. The bird acts as a lookout against danger.

CURTIN

Mrs. Josephine Coons has been teaching folk dancing to the pupils in her room. Last week they learned a quadrille.

The county health nurse from Roseburg visited the school here on Tuesday, giving vaccinations and other tests to both the Leona and Curtin school children. She returned on Thursday to check the tests and give some eye tests.

The Hobby Horse Hobby club in the upper grades are proud to report that most of them are thru weaving on their trays. They are now getting ready to start on flower baskets.

New Lights on Farms

Seventy-eight per cent of the nation's farms are expected to have electricity available this year. Predictions are that this percentage will increase to 89 by the close of 1948. Rural electrification leaders say that 99 per cent of all farms in the nation ultimately will have electricity available.

Wash by Sound Waves

By using the principle of the submarine detector, which proved effective in breaking the electrical attraction between dirt particles and fabrics, clothes in the future may be laundered by sound waves.

Inboard Motor Fires

The federal motor boat act requires that inboard motor boats over 16 feet long carry one or more approved fire extinguishers.
